**ISSUE:**

None

**ALTERNATIVES:**

Current Zoning: C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

The Conditional Use is for Auto, Boat, and Recreational Vehicle Storage (Outdoor/Covered).

Proposed Zoning: To provide a concentrated mix of residential, retail, service, and office uses.

**FISCAL IMPACT:**

None

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

Subject property is not located within an Area Regional Center but is within ½ a mile from the Austin Highway Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the North Sector Plan, adopted August 5, 2010, and is currently designated as "Suburban Tier" in the future land use component of the plan. The requested "MXD" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "General Urban Tier". Staff and Planning Commission recommend Approval.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing "C-2 CD AHOD" Commercial Airport Hazard Overlay District with a Conditional Use for Auto, Boat, and Recreational Vehicle Storage (Outdoor/Covered) is an appropriate zoning for the property and surrounding area. The proposed "MXD AHOD" Mixed Use Airport Hazard Overlay District with a maximum density of 25 units per acre is also appropriate zoning for the property and surrounding area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
  - H Goal 1: Housing for lower-income residents is available throughout the community with the greatest proportion in priority growth areas with high levels of connectivity and amenities.
  - H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
  - H Goal 5: High-density housing choices are available within the city's 13 regional centers and along its arterial and transit corridors.

Relevant Goals and Policies of the North Sector Plan may include:

- Goal HOU-1: Continued support for development of diverse housing stock using infill housing development between Loop 1604 and Loop 410.
  - Strategy HOU 1.1: Consider innovative allowances in zoning amendments that promote a variety of housing types in the North Sector and embrace flexible standards, including, but not limited to: zero lot lines, clustering of development, and density bonuses as per the Sector Land Use Plan.
  - Strategy HOU 1.2: Encourage compatible growth patterns and transitions of higher density residential along principal arterials and transit corridors that fit in with the existing residential character of the North Sector.
  - Goal HOU-2: High density housing is developed near post secondary education facilities, principal and arterial transportation routes, and major employment areas.
  - Strategy HOU-2.3: Utilize High Density Residential as a buffer between principal and arterial roadways / non-residential (i.e. office, retail, commercial uses) and lower density residential housing.
6. **Size of Tract:** The 0.6967 acre site is of sufficient size to accommodate the proposed commercial and residential development.

7. **Other Factors:** The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates both residential and commercial uses with a density of 25 units per acre. The proposed rezoning is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.
