ALTERNATIVES:

Current Zoning: “R-5” Residential Single-Family District allows for single-family dwelling (detached) with a minimum lot size of 5,000 square feet and a minimum lot width of 45 feet, foster family home, public and private schools.

Proposed Zoning: “NC S” Neighborhood Commercial District provides small areas for offices, professional services, service and storefront retail uses; all designed in scale with surrounding residential development. Building size is limited to 3,000 square feet. Examples of permitted uses: animal and pet services, fitness/health club, antique store, apparel and accessory store, bookstore, bakery, florist, gift shop, professional offices, music store, convenience store, and restaurant.

The “S” Specific Use Authorization would permit Athletic Fields - Outdoor Permitted.

FISCAL IMPACT:

None.

RECOMMENDATION:**Staff Analysis and Recommendation:** Staff recommends Approval.**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the San Antonio International Airport Vicinity Land Use Plan, adopted in May 2010, and is currently designated as “Parks/Open

Space” in the future land use component of the plan. The requested “NC” Neighborhood Commercial base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to “Neighborhood Commercial”. Staff and Planning Commission recommend Approval.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “C-3 PUD” General Commercial Planned Unit Development and “C-2 PUD” Commercial Planned Unit Development.
3. **Suitability as Presently Zoned:** The existing “R-5” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “NC S” Neighborhood Commercial District with a Specific Use Authorization for Athletic Fields - Outdoor Permitted is also appropriate. The property abuts existing commercial uses of a similar intensity and use as the proposed. Furthermore, the proposed base zone of “NC” Neighborhood Commercial would only permit low intensity commercial uses, intended to serve a market equivalent to a neighborhood. The applicant will have to adhere to the prescribed site plan required for Specific Use zoning, and any deviation from the approved document could potentially warrant additional council consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with public policy. Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan:
 - GCF Goal 6: Growth and city form support community health and wellness.
 - GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in closer proximity to housing and where appropriate.
 - GCF P35: Help provide land, facilities, and/or entitlements that can be used to establish schools that attract a broader spectrum of families with children.

Relevant Goals and Objectives from the San Antonio International Airport Vicinity Land Use Plan may include:

- Goal I: Protect the quality of life of residents including health, safety, and welfare.
 - Key themes of the plan:
 - o 4) preserving environmental resources, parkland, and flood plains
 - o 5) preserving neighborhood integrity and preventing commercial encroachment
 - o 6) encouraging compatible commercial uses along corridors that serve the neighborhoods and more intense commercial uses at major intersection nodes,
6. **Size of Tract:** The subject property is 8.744 acres, which can reasonably accommodate the proposed commercial development.

7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop Athletic Fields - Outdoor Permitted.
