**2022 – 2027 Housing Bond**

In May 2022, voters approved the 2022 - 2027 Affordable Housing Bond for \$150 million. The City Council appointed a Housing Citizens Bond Committee to develop categories with a set of housing bond parameters. City Council approved the categories, parameters, and Bond funding on February 10, 2022.

### **Procurement**

The Neighborhood and Housing Services Department (NHSD) released three Request for Proposals (RFPs) on April 7, 2025 for Affordable Housing Gap Development Funding in four of the five approved Bond funding categories: Rental Housing Production and Acquisition, Rental Housing Acquisition, Rehabilitation and Preservation (Rental Housing), Homeownership Production and Permanent Supportive Housing (PSH) utilizing the 2022 – 2027 Affordable Housing Bond, Federal HOME Investment Partnerships Program (HOME) and Community Development Block Grant (CDBG).

The RFPs were advertised in the Express-News, TVSA channel, the City's Bidding & Contracting Opportunities website, the San Antonio eProcurement System (SAePS), and an email notification was released to a list of potential Respondents. Responses were due on April 28, 2025. As part of these solicitations, nineteen (19) Rental Housing affordable housing development proposals requesting \$115,851,560, two (2) Homeownership Production affordable housing development proposals requesting \$3,264,519 and one (1) Permanent Supportive Housing (PSH) affordable housing development proposal requesting \$935,428 in gap funding were received. All proposals received were deemed responsive for evaluation.

The responses were discussed and evaluated by the evaluation committees which included representatives from the City Manager's Office, NHSD, Department of Human Services, Public Works Department, Planning Department, Office of Historic Preservation, Development Services Department, Office of Sustainability, VIA Metropolitan Transit, and Community Bond Committee Members. The Finance Department, Procurement Division, assisted by ensuring compliance with City procurement policies and procedures.

A pre-solicitation briefing was presented at City Council B-Session on December 4, 2024, prior to the solicitations being released.

### **ISSUE:**

A total of \$21.4 million was available from Affordable Housing Bond for this round of RFPs for the Rental Housing category. This category was scored by a committee including City staff and partners who have expertise in the bond scoring parameters as well as members of the Community Bond Committee who developed the parameters and funding categories.

A total of nineteen (19) proposals were received requesting \$115,851,560 in Affordable Housing Bond gap funding. After evaluation of the proposals, up to \$16.7 million in Housing Bond funding is recommended for City Council award across three (3) affordable housing development projects.

The evaluation committee based its decision on several weighted factors, including those of

Development Experience, Permanent Supportive Housing, Gap Request, Project Readiness, and Underwriting Review, Design & Construction Priorities, Equity, Location, Project Site Plan and Timeline, Displacement, Resident Protections, Amenities/ Resident Services and Sustainability, Non-Profit Status and the Veteran-Owned Small Business Preference Program.
