RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval

The proposed Plan Amendment from “Low Density Residential” to “Urban Low Density Residential” is requested to rezone the property to “MF-18 PUD” Limited Density Multi-Family Planned Unit Development. The property is currently vacant and surrounded by single-family residences. Given the surrounding uses, the current "Low Density Residential" land use designation is considered appropriate. However, the proposed "Urban Low Density Residential" is also appropriate, as it allows for more diverse housing options, while maintaining the residential character of the area. The applicant is proposing a planned unit development with 41 townhomes.
