**BACKGROUND INFORMATION:**

In October 2023, the Aviation Department entered into a professional services agreement with Teichroeb Consulting to conduct third-party Airport Passenger Surveys at the boarding gates of San Antonio International Airport. This collaboration aims to generate data that will inform decision-making and enhance the overall airport experience. The vendor provides a minimum of 350 surveys conducted seven days a week each quarter to gather valuable feedback to provide

continuous improvement. The term of the agreement was for one year with a contract value of \$49,000.00.

**ISSUE:**

The Aviation Department seeks to extend the term for six months to continue conducting surveys while staff is trained to perform these tasks themselves.
