PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is located within the Brooks Regional Center, but is not within ½ a mile from a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Brooks Area Regional Center Plan, adopted in 2019, and is currently designated as "Urban Mixed Use" in the future land use component of the plan. The requested "C-2 CD" base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are zoned "I-1" General Industrial District, "C-2" Commercial District, "C-3" General Commercial District, and "R-4" Residential Single-Family District.
- 3. Suitability as Presently Zoned:** The existing "C-2 CD" Commercial District with a Conditional Use for a Food Processing Facility is an appropriate zoning for the property and surrounding area. The proposed "C-2 CD" Commercial District with a Conditional Use for Food Products - Wholesale and Storage is also appropriate. The property was previously used as a Food Processing Facility and is currently developed to accommodate the requested use. The surrounding area is comprised of other commercial and industrial zones making the

proposal consistent with what is present in the area. Additionally, given that the property is located in front of a collector secondary arterial, staff finds that it meets the locational requirements to accommodate traffic. The applicant will have to adhere to the prescribed site plan required for Conditional Use zoning, and any deviation from the approved document could potentially warrant additional council consideration.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives. Relevant Goals and Policies of the Brooks Area Regional Center Plan may include:
 - Goal 3: Reinvestment, Retention & Responsibility
 - o Honor the history of innovation and technology by supporting incubators, start-ups, and local business.
6. **Size of Tract:** The 1.14 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop a wholesale and storage facility for food products.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
