

# City of San Antonio

## Agenda Memorandum

**File Number:**

---

**Agenda Item Number:** 37

**Agenda Date:** June 12, 2025

**In Control:** City Council A Session

---

**DEPARTMENT:** Planning Department

**DEPARTMENT HEAD:** Bridgett White

**COUNCIL DISTRICTS IMPACTED:** District 3

**SUBJECT:**

Second public hearing and an Ordinance approving a Strategic Partnership Agreement between the City of San Antonio and the Stone Garden Public Improvement District.

**SUMMARY:**

Second public hearing and an Ordinance approving a Strategic Partnership Agreement between the City of San Antonio and the Stone Garden Public Improvement District, generally located northeast of the intersection of Old Corpus Christi Road and Richter Road, in the City of San Antonio's extraterritorial jurisdiction in Bexar County.

**BACKGROUND INFORMATION:**

The City of San Antonio (City) consented to the creation by Bexar County of the Stone Garden Public Improvement District (PID) and approved the execution of the Development Agreement with the owners of the PID property on August 31, 2023. The Bexar County Commissioners' Court created the PID on September 12, 2023. The Stone Garden PID consists of 423.15 acres of land, generally located northeast of the intersection of Old Corpus Christi Road and Richter Road in the City's extraterritorial jurisdiction (ETJ) in southeast Bexar County. City Council District 3 is the closest to the PID.

As a condition of the City's consent, the Owners of the PID's property and the City entered into a Development Agreement, which includes the Owners agreeing to comply with the City's development and land use regulations, voluntary annexation terms for the PID land, and other provisions. In addition, the Development Agreement included the framework of a Strategic Partnership Agreement (SPA) between the City and the PID. After the establishment of the PID, City Staff negotiated the SPA with the Stone Garden PID. The SPA binds each owner and future owner of land included in the territory of the PID on the date the SPA becomes effective.

## **ISSUE:**

This is the second public hearing and consideration of an Ordinance approving the execution of a SPA between the City and the Stone Garden PID. State law requires two public hearings by the governing body of the city for the SPA. The first public hearing will be held on June 11, 2025, and the second public hearing as well as consideration of the SPA will be held on June 12, 2025. State law requires the publication of the City's public hearing notices in a newspaper of general circulation in the area, 20 days before each public hearing. The notice was published in the San Antonio Express Newspaper on May 22, 2025.

In addition, State law requires the PID to hold two public hearings as well as the PID's public hearing notifications, before the City's public hearings. The Stone Garden PID held its public hearings on May 10, 2024, and September 18, 2024.

The proposed SPA includes the following provisions:

- The PID provides their consent to limited purpose annexation by the City of the commercial properties in the PID for the purpose of imposing and collecting sales and use taxes in commercial properties effective upon the second plat application in the PID. [The City cannot levy property taxes on these properties.]
- Future annexation terms and other provisions, which would bind each owner and future owner of land included within the territory of the PID on the date the SPA becomes effective.
- The PID will pay for costs related to the SPA and future limited purpose annexation and will reimburse the City for legal recordings of the SPA with Bexar County Real Property Records.
- After the effective date of the limited purpose annexation of the commercial property, the City will begin sales tax collections in the annexed properties in the PID. In the annexed properties, up to a two percent sales tax will be levied.
- The City will remit to the PID an amount equal to 25% of the sales tax revenues collected within the annexed commercial property.

The City is not required to provide any services in the proposed limited-purpose annexation areas. Currently, there are no residents in the commercial areas in the PID.

## **ALTERNATIVES:**

A denial of the Ordinance would require the PID to seek a different financing mechanism for the development of the property. It may result in the PID development occurring in a traditional method instead of the manner proposed by the developer.

City Council may require staff to re-negotiate the terms of the SPA which would delay the activation of PID development.

**FISCAL IMPACT:**

A financial impact study will be prepared when the City annexes, for limited purposes, the commercial properties in the PID.

**RECOMMENDATION:**

Staff recommends approval of the Ordinance authorizing the execution of the SPA with the Stone Garden PID.
