Overlay District Information:

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Special District Information:

The Infill Development Zone (IDZ) District provides flexible standards for developments. IDZ may be approved as either a base zoning district or an overlay zoning district. Typically, IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

Traffic Impact: A Traffic Impact Analysis Worksheet was submitted. Any further traffic requirements will be evaluated at the Building Permit phase.

Parking Information: The minimum parking requirement for Dwelling- 4 Family is 1.5 spaces per unit.

“IDZ-1” waives the minimum parking requirement.

ISSUE:
None

ALTERNATIVES:

Current Zoning: “R-4” Residential Single-Family allows for single-family dwelling (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, foster family home, public and private schools.

Proposed Zoning: Allows rezoning requests up to 18 units per acre, and uses permitted in “C-1” and “O-1”. All approved uses must be requested and stated within the ordinance. Provide flexible standards for setbacks and parking for the development and reuse of underutilized parcels within a qualifying area of the city.

The proposed "IDZ-1" would allow for four (4) dwelling units.

FISCAL IMPACT:
None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the San Antonio International Airport Vicinity Land Use Plan adopted in May 2010, and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "IDZ-1" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Medium Density Residential". Staff and Planning Commission recommend Approval.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
- 3. Suitability as Presently Zoned:** The existing "R-4" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "IDZ-1" Limited Intensity Infill Development Zone with uses permitted for four (4) dwelling units is also appropriate. The proposed duplexes are appropriately located at a corner lot which can accommodate the additional density. The site plan prescribed by the "IDZ-1" base zoning designation will regulate various development aspects such as unit layout, size, and the layout of the parking, and deviation from the approved document could warrant additional City Council consideration. Furthermore, the proposal aligns with the goals of the Strategic Housing Implementation Plan (SHIP), which encourages the development of additional housing stock to accommodate the City's growing population. - 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the Comprehensive Plan may include: - H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels. - H P30: Ensure infill development is compatible with existing neighborhoods. - H P10: Ensure land use designations and other policies allow for and encourage a mixture of housing types and densities of housing within development projects. Relevant Goals and Policies of the San Antonio International Airport Vicinity Land Use Plan may include: - Goal 1: Protect the quality of life of residents including health, safety and welfare o Objective 1.1 Protect integrity of exiting residential neighborhoods and prevent excessive noise pollution and other airport hazards - 5) preserving neighborhood integrity and preventing commercial encroachment,

6. **Size of Tract:** The subject property is 0.2347 acres, which can reasonably accommodate the proposed residential development.
7. **Other Factors:** The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates residential uses. The site plan indicates a development of four (4) units.

The proposed rezoning is seeking additional density for use as residential dwelling units. A rezoning application does not allow Short Term Rentals (STRs) as a use by right. Any applicant seeking to operate an STR must follow the appropriate City and Unified Development Code (UDC) processes and is required to apply and qualify for STR permit(s) through those processes. Short Term Rentals are governed by the UDC Section 16.1100. Also see Section 35-374.01 for STR density limitations, Section 35-399 for establishment regulations, and Section 35-482 for procedures regarding consideration of special exceptions.

The City may be able to provide waste collection services to new residential IDZ developments that have sufficient vehicle access to allow large Automated Side Load trucks (ASLs) to safely collect waste bins from the curb. Access requirements can be found in the Solid Waste City Ordinance Chapter 14 (Sec. 14-10, Sec. 14-25 and Sec. 14-26) and IB-576. Once a development is completed, the owner, manager, HOA or property management may call the Solid Waste Management Department to determine eligibility. If the development is not eligible for City waste services, it is recommended the developer be prepared to procure waste and/or dumpster services from a private waste hauling business.
