## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the West/Southwest Sector Plan, adopted December 2011, and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2 S” base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are “C-3” General Commercial District.
- 3. Suitability as Presently Zoned:** The existing “MF-25” Low Density Multi-Family District is an appropriate zoning for the property and surrounding area. The proposed “C-2 S” Commercial District with a Specific Use Authorization is for Athletic Fields – Outdoor Permitted is also appropriate. The subject property is abutting existing “C-3” General Commercial District zoned properties with comparable commercial uses. The Specific Use Authorization requires a prescribed site plan that cannot be changed without additional Council consideration.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy. Relevant Goals and Policies of the West/Southwest Sector Plan may include:
  - ED-2.1: Revitalize existing older commercial nodes and corridors through existing economic and reinvestment programs, such as, but not limited to, Neighborhood Commercial Revitalization, Tax Increment Financing (TIF), and Corridor Overlay Districts
  - ED-2.3: Design commercial nodes as town centers to promote the mix of activities for live, work, and play.

Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:

- **JEC Goal 1:** Employment is focused in the city’s 13 Regional Centers, in site-specific locations in Urban Centers and along mobility corridors, providing easy connectivity for San Antonio’s residents and businesses.
  - **JEC Goal 2:** Traditional and targeted growth industries support San Antonio’s diversified economy and provide a wide range of job opportunities.
  - **JEC Goal 3:** San Antonio’s skilled and educated workforce supports the city’s traditional and emerging growth industries.
- 6. Size of Tract:** The 4.772-acre site is of sufficient size to accommodate the proposed commercial development.

7. **Other Factors:** The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
