**ISSUE:** None

**ALTERNATIVES:**

Current Zoning: “R-4” Single-family dwelling (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, foster family home, public and private schools.

Proposed Zoning: Any uses permitted in MF-25 but with a maximum density of 33 units per acre for MF-33, 40 units per acre for MF-40, 50 units per acre for MF-50 and 65 units per acre for MF-65.

**FISCAL IMPACT:**

None.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial, with an Alternate Recommendation of “R-4 CD” Residential Single-Family with a Conditional Use for four (4) units.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:** The subject property is located within the Southeast Community Area Plan adopted in 2022 and is currently designated as “Urban Low Density Residential” in the future land use component of the plan. The requested “MF-33” base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to “Medium Density Residential”. Staff recommends Denial with an Alternate Recommendation of “R-4 CD” Residential Single-Family with a Conditional Use for 4 Units and is pending the Plan Amendment.

**2. Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is too dense for a predominantly “R-4” single-family residential area.

**3. Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “MF-33” Multi-Family District is too dense and out of character for the area. Therefore, Staff recommends an Alternate Recommendation of “R-4” with a Conditional Use for four (4) dwelling units. A density of four (4) units is more appropriate than six (6) units.

**4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:** The request does/does not appear to conflict with any public policy objective of the SA Tomorrow Plan.

### **Goal 3: Neighborhoods**

Maintain and improve the characteristics that make the neighborhoods of the Southeast Community Plan an enjoyable place to live, with special attention to walkability, open spaces, and sense of neighborhood identity.

### **Goal 4: Housing**

Provide a variety of high-quality, mixed-income housing options that are well-maintained, complementary to the character of existing neighborhoods, and accommodating to all stages of life.

### **Recommendation #1**

Maintain residential and nonresidential densities that are consistent with historic patterns, to strengthen and preserve established neighborhoods.

### **Recommendation #2**

Support reinvestment in neighborhoods and existing homes, especially older, single-family neighborhoods.

**6. Size of Tract:** The 0.1932 acre site is not of sufficient size to accommodate the proposed multi-family development.

**7. Other Factors:** The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

The property is proposed for development of multifamily uses that shall not exceed 33 units per acre. At 0.1932 acres, the applicant requests to build six (6) units.

The subject property does not qualify for a non-conforming status, as expansion of the structures occurred and has been vacant for a prolonged period of time.
