New Business**Item #1**

Consideration of a request to amend the Major Thoroughfare Plan, a component of the City of San Antonio Master Plan, by realigning a proposed segment of Kelly Parkway, a Super Arterial Type A requiring 200' – 250' feet of right-of-way, between approximately 1.13 miles east of existing Applewhite Road and approximately 1.55 miles west of existing Pleasanton Road. (Isaac Levy, Senior Transportation Planner, (210) 207-5446, Isaac.levy@sanantonio.gov, Transportation Department).

Isaac Levy, Senior Transportation Planner, presenting a request to amend the Major Thoroughfare Plan by realigning a proposed segment of Kelly Parkway, a super arterial Type “A” requiring 200' – 250' feet of right-of-way between 1.13 miles east of existing Applewhite Road and 1.55 miles west of existing Pleasanton Road. It is surrounded by “I-1” Mixed Light Industrial District with existing land uses of Ranchland, Light Industrial and Single-Family Residential Districts. Appropriate departments and agencies reviewed this request for amendments to the Major Thoroughfare Plan and there were no objections.

Russell Yager, representative, stated they are seeking to realign the Kelly Parkway connector within the property limits of applicant's property. There are two property owners that will be impacted in the future by changes to the dedication that will be align if their properties come up for development or platting. They have been in communication with those property owners who have provided letters of support for this realignment.
