**TO: THE HONORABLE CITY COUNCIL OF SAN ANTONIO, TEXAS**

The undersigned petitioner (the “Petitioner”) acting pursuant to the provisions of Chapter 382 of the Texas Local Government Code, as amended (the “Code”), submits this petition (“Petition”) to request consent to the creation of a public improvement district, within the extraterritorial jurisdiction (the “ETJ”) of the City of San Antonio (the “City”), Bexar County, Texas (the “County”). Specifically, the Petitioner requests that the City consent to the County’s creation of a public improvement district and inclusion of the property described in **Exhibit “A”** attached hereto (the “Subject Property”) within such public improvement district. In support of this Petition, the Petitioner presents the following:

**I. NAME**

A public improvement district is being requested, which will be named the “Straus Medina Special Improvement District” (referred to herein as the “District”).

**II. PETITIONER**

In compliance with the requirements of the Code, and as determined by the current tax roll of the Bexar County Appraisal District, the Petitioner constitutes: the owner representing more than fifty-percent (50%) of the appraised value of taxable real property proposed to be included within the public improvement district proposed in this Petition.

Attached to this Petition is a sworn statement, affirming the Petitioner is the holder of fee simple title to more than fifty-percent (50%) of the appraised value of taxable real property proposed to be included within the District (as defined below) and is the owner representing more than fifty-percent (50%) of all record owners of property within the proposed District. **III. BOUNDARIES**

The proposed boundaries of the District shall include the Subject Property, more particularly described in **Exhibit “A”** attached hereto and incorporated herein for all purposes. None of the land to be included in the District is within the corporate boundaries of any municipality and all of the land proposed to be included in the District is in the ETJ of the City and in the County.

#### **IV. GENERAL NATURE OF THE PROPOSED PUBLIC IMPROVEMENTS**

The Petitioner requests that the County create and City consent to a public improvement district and authorize it to engage in economic development projects and grant to the District the powers requested in this Petition. The District proposes to enter into development agreements as are deemed advisable to promote state and local economic development and to stimulate residential and commercial activity in the District. The general nature of the work proposed to be done may include, but is not limited to: onsite roads (including, but not limited to, a collector road); offsite roads; offsite utility extension (including, but not limited to, extension of a water line); onsite public improvements for residential lots (sewer system, water, streets, and drainage); the improvement and construction of water, sewer system, dry utilities (gas and electric) detention ponds, storm sewer (if applicable), impact fees for capacity, road, landscaping in public right of ways, or sidewalks; right of way acquisition costs; easement acquisition costs; appraisal costs; geotechnical engineering costs; environmental inspection/testing and remediation costs; well plugging costs; demolition costs; water and sewer (if applicable) impact fees; floodplain reclamation costs; tree mitigation costs; park/entry/amenity improvement costs; including any cost or expense of purchasing, constructing, maintaining, acquiring, owning, operating, repairing, leasing, improving, extending, or paying for inside (i.e. onsite) and outside (i.e. offsite) the district boundaries flood plains and wetlands regulation and endangered species permits, stormwater permits, including mitigation; and all works, improvements, facilities, plants, equipment, appliances, interest in property, and contract rights needed thereof, and administrative facilities needed in connection therewith, related surveying, engineering, and legal fees, costs and expenses, and all rights of way and other interests in land necessary or convenient in connection therewith, as well as reasonable contingencies, associated with the costs of public improvements. Further, the public improvements financed by the District may include any public improvements in compliance with Chapter 382 of the Code, as amended, and in accordance with the governing laws.

#### **V. ESTIMATED COSTS OF THE PROPOSED CONSTRUCTION OF THE PUBLIC IMPROVEMENTS**

The total estimated capital cost for the District's public improvements is approximately \$43,572,096.63. Such costs can be partially offset with the imposition of taxes and the issuance of bonds by the District, as further described herein.

#### **VI. NATURE OF THE DISTRICT AND AUTHORITY**

The District is expressly requested pursuant to Chapter 382 of the Code. The District shall be created for the purposes of a district created and organized under Section 52, Article III, and Section 59, Article XVI of the Texas Constitution, Chapters 380, 381, and 382 of the Code, and for the purpose of creating a program for economic development as provided in Section 52, Article III of the Texas Constitution, and for any other lawful purpose authorized by the governing laws.

The Petitioner specifically requests that:

- (1) the County authorize the District to exercise the powers granted under Chapter 382 of the Code;
- (2) the County delegate to the District all powers that the County is granted pursuant to Chapter 382; and

- (3) the County authorize the District to engage in economic development projects, as the District may enter into development agreements which are deemed advisable to promote state and local economic development and to stimulate business and commercial activity in the District.

The authority requested within this Petition will allow for development of the Subject Property with residential land uses and allow for the possibility of non-residential development.

## **VII. ROAD IMPROVEMENTS**

The Petitioner requests that pursuant to Section 382.109 of the Code the County designate and approve the proposed onsite and offsite road improvements as a “Road Improvement Project” and designate and approve such Road Improvement Project as a targeted economic development project, which is of an economic benefit to the District, to the Subject Property within the District, and to the County.

## **VIII. ADVISORY BOARD**

As authorized by the Code, an advisory body may be established by the County to develop and recommend an improvement plan. However, an improvement plan is not necessary or applicable, as the Petitioner does not propose that the District be granted the power to impose assessments.

## **IX. MANAGEMENT OF THE DISTRICT AND BOARD OF DIRECTORS**

The Petitioner specifically requests the County appoint a seven (7) member Board of Directors to govern the District and approve their respective terms in accordance with Section 382.051 of the Code, as the population of the District is less than 1,000 persons. The Petitioner also requests that the County delegate to the District’s Board of Directors the County’s powers and duties provided by Chapter 382 of the Code, in order for the Board of Directors to oversee, manage, and govern the District to the fullest extent authorized by the Code.

## **X. TAXES AND BONDS**

The Petitioner requests that the City consent to and the County authorize the District to accomplish its purposes and the costs of services and improvements by imposing an ad valorem tax and a sales and use tax. The District shall also have the authority to issue bonds, negotiate promissory notes, and other District obligations, as further described herein.

The Petitioners specifically request that:

- (1) the District’s proposed improvements be financed and paid for with taxes authorized by Chapter 382 of the Code instead of assessments;
- (2) the City consent to and the County grant the District authority to impose an ad valorem tax and sales and use tax to accomplish the economic development purposes prescribed by Section 52a, Article III, of the Texas Constitution;
- (3) the County grant the District authority, in accordance with Section 382.152 of the Code, to issue bonds, negotiable promissory notes and other District obligations, which may be secured

- by District revenue or any type of District taxes, or any combination of taxes and revenue pledged to the payment of bonds; and
- (4) the County grant the District authority as provided in Sections 382.158 and 382.159 of the Code, regarding borrowing and repayment of costs, respectively.

In regards to the proposed tax rates, the Petitioner specifically requests that the City consent to and the County authorize the District to:

- (1) impose an ad valorem tax; and
- (2) impose a sales and use tax with a rate not to exceed two-percent (2%).

The taxes and tax rates requested within this Petition will allow for development of the Subject Property with residential land uses and allow for the possibility of non-residential development.

#### **XI. METHOD OF ASSESSMENT**

The Petitioner does not propose that the District be granted the power to impose assessments, and accordingly, the Petitioner is not required to present a Service Plan, an Assessment Plan (including method of assessment), or to prepare an Assessment Roll. As stated above, the Petitioner requests that the District's proposed improvements be financed and paid for with taxes authorized by Chapter 382 of the Code instead of assessments.

#### **XII. APPORTIONMENT OF COST BETWEEN CITY, COUNTY, AND THE DISTRICT**

Approval and creation of the District will not obligate the City or County to provide any funds to finance the proposed public improvements. All costs of the District shall be paid by and apportioned to the District, and not to the City or County, as a whole.

#### **XIII. ADVISABILITY AND FEASIBILITY OF THE DISTRICT AND BEST INTERESTS OF THE COUNTY**

The District and its proposed improvements and economic development projects appear feasible and are necessary and advisable for the economy of the District and the County. Additionally, the County may create a public improvement district if the County determines it is in the best interest of the County. The area comprising the District is not presently developed, and therefore, the proposed District is necessary to pay for or finance public improvements and economic development within the District. Furthermore, the District will serve the public purpose of promoting and encouraging new residential development in the District and the County, which will encourage employment and economic activity within the District and the County. As such, the County's creation of the District is in the best interest of the County, as the District and the proposed improvements confer a special benefit on the District, the Subject Property within the District, and the County.

#### **XIV. FILING WITH THE CITY CLERK**

This Petition will be filed with the City Clerk in support of the City's consent to creation of the District, as described herein.

## **XV. PRAYER**

This Petition requests that the City consent to County creation of the District, include the Subject Property therein, and consent to the County's grant to the District the powers requested in the Petition. The Petitioner prays that this Petition be heard and the City Council set a hearing date, publish notice of, conduct a hearing, make certain findings, and enter an Order or Resolution consenting to the creation of the District in a manner authorized under Chapter 382 of the Code and as described herein.

Respectfully submitted this 18<sup>th</sup> day of September 2024.
