Parking Information: The parking requirements for commercial and industrial uses can be found at Unified Development Code, Table 526-3a and Table 526-3b.

ISSUE:
None

ALTERNATIVES:

Current Zoning: Protects and preserves valuable agricultural areas, implements agricultural and natural resource protection; requires a minimum of 10 acres. Agricultural operations and natural resource industries, single-family dwelling, farming and truck garden, public and private schools, transit transfer center and bus stops.

Proposed Zoning: C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor

storage or display of goods shall be permitted except for outdoor dining. The general industrial district accommodates areas of heavy and concentrated fabrication and manufacturing and industrial uses which are suitable based on the character of adjacent development. Examples of permitted uses: auto & light truck auction, truck stop, abrasives manufacturing, food & drug manufacturing, sand & gravel storage & sales, outdoor flea market, manufactured homes/oversized vehicles sales, service and storage.

“I-1” General Industrial District accommodates areas of heavy and concentrated fabrication and manufacturing and industrial uses which are suitable based on the character of adjacent development. Examples of permitted uses: auto & light truck auction, truck stop, abrasives manufacturing, food & drug manufacturing, sand & gravel storage & sales, outdoor flea market, manufactured homes/oversized vehicles sales, service and storage.

FISCAL IMPACT:

None

PROXIMITY TO CURRENT AND/OR PLANNED REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR AS IDENTIFIED IN THE SA TOMORROW COMPREHENSIVE PLAN:

Subject property is not located within a Regional Center and not within ½ a mile from a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Heritage South Sector Plan, adopted in 2010, and is currently designated as "Agribusiness RIMSE Tier" in the future land use component of the plan. The requested "C-2" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "General Urban Tier". Staff and Planning Commission recommendation pending the April 23, 2025 hearing.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. Surrounding properties are "MI-1" Mixed Industrial District, "I-1" General Industrial District, and "I-2" Heavy Industrial District.
- 3. Suitability as Presently Zoned:** The existing "RP" Resource Protection District is an appropriate zoning for the property and surrounding area. The proposed "C-2" Commercial District and "I-1" General Industrial District zonings are also appropriate. The subject property is surrounded by existing industrial zoning and uses on three sides, supporting the industrial

request. The applicant also proposes "C-2" Commercial District zoning for a smaller 11 acre portion, located at the intersection of South Zarzamora Street and Highway 16 South, to introduce commercial businesses and offer retail and food services for the workforce of the surrounding industrial businesses during the workday.

4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:
 - GCF P7: Ensure employment centers provide a variety of land uses and infrastructure that will allow the city to remain economically competitive.
 - JEC Goal 2: Traditional and targeted growth industries support San Antonio's diversified economy and provide a wide range of job opportunities.
 - JEC P5: Invest in the creation, development and redevelopment of employment hubs that allow for the collocating of businesses within target industries.Relevant Goals and Objectives of the Heritage South Sector Plan may include:
 - Goal ED-6: Market Heritage South as a business friendly environment
 - Goal LU-1: Land uses that are compatible with neighboring properties that preserve natural and cultural resources, neighborhood character, and economic viability
 - Goal LU-3: Urban, commercial and rural development are concentrated in strategic areas supported by targeted public and private investments
6. **Size of Tract:** The 233.28 acre site is of sufficient size to accommodate the proposed industrial development.
7. **Other Factors:** The western section of the tract is inundated by the FEMA effective floodplain. Any improvements to this floodplain is prohibited without the approval and coordination with Public Works Floodplain Management Division. If you have any questions regarding the floodplain requirements please contact Public Works Department.
