Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	I have been on the Board technically since Oct '21 but, serving since Jan '22. I initially believed my varied education/experience would allow me to make informed decisions that were not based on emotion and I believe

	<p>that to be even more so since I have gained the understanding of how the Board works. My skills are applied directly to each and every case, such as the skill to effectively listen, understand who said what, when and where, to spot inconsistencies, maintain confidentiality (a must in my line of work), communicate effectively, work with persons of opposing viewpoints, ability to think impartially, careful analysis/review of each case, understanding of police departments and the work police officers do, balanced with the oath to serve the citizens of this City and their rights. Not every case results in discipline recommendations, there are some that indicate an Officer may need help and I think I have the skills and willingness to step forward and communicate that effectively or to ask questions about availability that might start a discussion. I want to be sure those that need help get it, those that shouldn't be employed are recommended as such, those unjustly accused are excused, that citizens feel like they had a chance to be heard and that private citizens believe there is oversight. I respectfully request you consider my application for the Board when my current position expires. Thank you.</p>
