RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Greater Dellview Area Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-4” base zoning district is consistent with the future land use designation.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-4 CD” Residential Single-Family District with a Conditional Use for a Professional Office is also an appropriate zoning. The zoning request maintains the base zoning and the Conditional Use (CD) allows consideration of a Professional Office which is compatible with residential uses. The subject property is a corner lot in close proximity to IH 10, the proposed use is appropriate for this location. Additionally, the proposed development would maintain the established residential character of the neighborhood while allowing an additional service for the area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Greater Dellview Area Community Plan:
 - Goal 2: Neighborhood Commercial Revitalization Promote the growth and development of local businesses and create attractive and viable commercial environments that draw new customers and diverse business
 - Objective 2.4: Small Business Development Foster an environment that promotes, encourages and supports small business development
 - Goal 3: Commercial Development: Type, Form and Appearance Proactively promote best urban planning practices and ensure commercial environments that are clean, safe, attractive, compliant with city codes, and respectful of adjacent neighborhood residential uses
6. **Size of Tract:** The 0.1377-acre site is of sufficient size to accommodate the proposed development.
7. **Other Factors:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.

- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.

The applicant is rezoning to allow for a Professional Office.
