Part 4. Summary of Proposed Update with Suggested Text (see application instructions)

(see attached) The reason for this proposed UDC amendment is to provide a clearer understanding to the public about what type of use is planned and will be allowed
on property zoned for a "Human Services Campus" (HSC). The HSC use is defined broadly in the UDC Appendix A to include a wide range of uses on
one property. However, that broad range means there is very little certainty about what activities will take place on the site. An HSC use
currently requires a Specific Use Authorization approval to operate, which authorization requires an approved site plan. This amendment adds a provision
to Article 3, Division 7- Supplemental Use Regulations, that requires such site plan to specify with more clarity the use(s) that will take place and be allowed on the property.
