RECOMMENDATION:
Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Arena District/Eastside Community Plan is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested base zoning of “RM-4” is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use adds more density than that is consistent with the development pattern of the area. There are currently no properties zoned “RM-4” Residential Mixed District in the area or surrounding the site.
3. **Suitability as Presently Zoned:** The current “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “RM-4” Residential Mixed District is not appropriate for the neighborhood which is primarily single-family residences zoned “R-4” Residential Single-Family. Additionally, the property is smaller in size and located inside the block.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed rezoning does appear to conflict with the following goals, principles, and objectives of the Arena District/ Eastside Community Plan:
Goal 2. Land Use Guiding Principles
 - Establish a land use pattern that is responsive to the existing context and is founded on realistic market expectations.
 - Respect existing natural systems and maximize their benefit to the plan.
6. **Size of Tract:** The subject property is 0.2064 acres, which could reasonably accommodate residential development.
7. **Other Factors:** The applicant is requesting “RM-4” base zoning designation to obtain a permit for an additional dwelling unit. The proposed rezoning permits a maximum of four (4) residential dwelling units, with a minimum lot size of 4,000 sq/ft and a minimum width of 15 feet.

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JB SA were notified of the proposed request. The Military has indicated that there are no objections to this request.
