SPAY NEUTER CLINIC

Main Lobby/Reception Area/Exam Rooms	Pass/Fail/Not Verified	COMMENTS
Staff are friendly, informative, and courteous to all	Pass <input type="checkbox"/>	Didnt answer phones at all Took a very long time just to "in-process" one customer at desk Young man was very polite and courteous but unauthorized to assist a customer in need

Proper signage in place	Pass <input type="checkbox"/>	Pass but very cluttered - difficult to discern information and topics with so much material
Reception area neat & orderly	Fail <input type="checkbox"/>	Cluttered inprocessing area - alot of paperwork around; way too many people inside freezing and too many people outside roasting - some customers sitting on floor.
Men's restroom clean and stocked	Pass <input type="checkbox"/>	Unisex restroom; needs TP; alot of trash in baskets and no trash liner.
Women's restroom clean and stocked	Pass <input type="checkbox"/>	Unisex restroom; needs TP; alot of trash in baskets and no trash liner.
<p style="text-align: center;">Description of Concerns, Actions Needed, or Praise</p> <p>Remainder of inspections was unable to be accomplished due to refusal of site access. Some customers had been outside for at least 2 hours when I left. I also did not see any inside customers being able to leave as none of the pets were "collected" by staff nor put in back rooms to wait for vets arrival. IMHO, very little respect for pet owners time and in-processing processes need to be improved. Also digital records and digital in-processing (or using clipboards for customer to fill out) may expedite pet drop off.</p> <p>Young man in office tried his best to help a customer in an emergency situation and was cordial and courteous but he had zero authority to access the needed records.</p>
