

City of San Antonio

Agenda Memorandum

Agenda Item Number: 3

Agenda Date: June 10, 2022

In Control: Public Safety Committee

DEPARTMENT: Health Department

DEPARTMENT HEAD: Claude Jacob

COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT: American Rescue Plan Act (ARPA) Spending Framework – Impactful Investments for Mental Health

SUMMARY:

This item provides a briefing on ARPA Spending Framework Mental Health Investments including a proposed draft implementation plan and stakeholder engagement plan for input from the Public Safety Committee.

BACKGROUND INFORMATION:

On March 11, 2021, Congress signed into law ARPA which included resources to support local government's response to and recovery from the COVID-19 pandemic. The City of San Antonio was awarded \$326.9 million in State and local Fiscal Recovery Funds. As part of the FY 2022 Budget process, City Council approved \$97.50 million to support the city budget and address community needs. On November 18, 2021, Council approved an additional \$30.0 million for utility assistance. The remaining \$199.4 million remained unallocated and was intended to be awarded following a community engagement process that began in the fall of 2021.

On October 20, 2021, City Council was briefed and presented with a potential spending framework, strategic guiding principles, and a community input plan for the use of the ARPA State and Local Fiscal Recovery Funds. In November 2021, the City held community meetings and launched a survey to obtain feedback on the use of the ARPA Funds. Additional meetings were held in December 9, 2021 and January

26, 2022 to obtain further policy direction from the City Council and to discuss community input. Finally, on February 3rd, City Council approved a spending framework. This Spending framework supports the continued response to the COVID-19 pandemic, addresses community priorities, and allocates funds for City employee compensation/benefits/retention. The approved spending framework included \$87.8 million recommended for programmatic funding with \$26.0 million dedicated to support Mental Health.

On April 19, 2022, the San Antonio Metro Health Department provided a briefing to the Public Safety Committee on the mental health programs currently funded by the City of San Antonio.

ISSUE:

The Public Safety Committee will receive a briefing on the ARPA Spending Framework Mental Health Investments including a proposed draft implementation plan and stakeholder engagement plan. Staff seeks input from the Public Safety Committee before continuing with the implementation plan and stakeholder engagement plan.

FISCAL IMPACT:

The ARPA – Local Fiscal Recovery Funds Spending Framework approved by City Council on February 3rd allocated \$26 million to Mental Health.
