2. Make an alternate recommendation.
3. Continue to a future date.

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission recommend Approval.

The proposed land use amendment from “Suburban Tier” to “General Urban Tier” is requested in

order to rezone the property to “MF-33” Multi-Family District. This is consistent with the existing “General Urban Tier” to the north and south of the subject site. The proposed Plan Amendment to “General Urban Tier” is a compatible transition to the existing areas of “Suburban Tier” land use and allows for slightly more density along the major highway of West Loop 1604 North. The “General Urban Tier” future land use classification also adds alternate housing options for the area..

West/Southwest Sector

Sector Plan Criteria for review:

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails.
