- 1. Consistency:** The subject property is not located within a Neighborhood, Community, or Sector Plan therefore a finding of consistency is based on existing and surrounding zoning and uses.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
- 3. Suitability as Presently Zoned:** The existing “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “C-2 S” Commercial District with a Specific Use Authorization for a Party House, Reception Hall and Meeting Facilities is also appropriate along the US-90 Corridor and provides a buffer between properties zoned residential and industrial. The Specific Use Authorization requires a site plan and holds the applicant to the proposed scale of their proposed development. Additional conditions may also be imposed on the proposed use as needed such as hours of operation, additional buffering and temporary signage limitations.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The rezoning request is not within a neighborhood or community plan.
- 6. Size of Tract:** The 1.0031 acre site is of sufficient size to accommodate the proposed commercial development.
- 7. Other Factors:** The applicant intends to repurpose the existing church into a meeting facility, event venue. The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a Party House, Meeting Facility, Reception Hall. The zoning request includes a request for nonresidential uses or multifamily uses adjacent (refer to definition in Appendix A as there is a different between abutting and adjacent) to an existing single family residential use, the applicant is required to construct and maintain a 6 foot solid screen fence, prior to obtaining a Certificate of Occupancy, per Section 35-514(d). The applicant can request City Council modify or exempt this requirement.
