# Background

---

## Immunization and Vaccines for Children Program

Metro Health has received funding from the CDC's Immunization and Vaccines for Children grant for over 20 years.

---

Funding supports immunization programming and vaccine management in Bexar County.

---

Grant allows for continued work in providing education, outreach, technical support, immunizations, disease surveillance, adult/adolescent health activities, immunization registry activities and vaccine distribution services

---

# Background

## Vaccines for Children (VFC) Program

- The VFC Program provides vaccines recommended by the CDC and the Advisory Committee on Immunization Practices (ACIP) to 152 VFC-enrolled healthcare providers in San Antonio.

## 317 Immunizations Program

- The Section 317 Program provides supplemental vaccines targeted to eligible individuals and supports Metro Health's efforts to maintain or improve response activities to vaccine preventable disease public health threats.

A total of 312,000 doses of vaccine are projected to be administered to the community through the Immunizations and Vaccines for Children Program.

# Fiscal Impact

---

- Authorize the acceptance of funds from the CDC in an amount not to exceed \$ 2,974,475.00

# Recommendation
