Adult Dog Kennel #11	Pass/Fail/ Not Verified	Comments
Staff and volunteers are friendly, informative, and courteous to all	Pass <input data-bbox="699 279 732 321" type="checkbox"/>	Staff very helpful. Only one staff member was there. She said she was "by herself today" which likely explains a couple of issues (see below).
Kennels are free of feces and urine	Fail <input data-bbox="699 432 732 474" type="checkbox"/>	There were feces (that appeared fresh) in many cages; at least seven. Staff member likely just hadn't gotten to this yet as she was alone this day.
Fresh water in each occupied run	Pass <input data-bbox="699 579 732 621" type="checkbox"/>	
Aisles are free of debris and safety hazards	Pass <input data-bbox="699 726 732 768" type="checkbox"/>	Immaculate and orderly.
Appropriate signage on each occupied kennel	Pass <input data-bbox="699 873 732 915" type="checkbox"/>	Very informative signage on cages about dog's needs and personalities.
Pooper Scoopers are kept in a clean disinfection solution between scooping each run	Pass <input data-bbox="699 1052 732 1094" type="checkbox"/>	
Kennels and cages are thoroughly cleaned and sanitized between occupants	Pass <input data-bbox="699 1230 732 1272" type="checkbox"/>	Verified with staff.
Hand sanitizing stations are visible and stocked	Pass <input data-bbox="699 1409 732 1451" type="checkbox"/>	
Drains free of debris and functioning properly	Pass <input data-bbox="699 1587 732 1629" type="checkbox"/>	
Staff work area has a hand washing station with soap, paper towels	Fail <input data-bbox="699 1766 732 1808" type="checkbox"/>	No paper towels were available; also no hand sanitizer. Otherwise the station was orderly. Staff said that she was just getting ready to go to the supply location and get the needed items; so likely just bad timing. Soap was present which is most important.
