ALTERNATIVES:

Current Zoning: "C-1" Light Commercial districts accommodate neighborhood commercial uses which depend on a greater volume of vehicular traffic than an NC district. C-1 uses are considered appropriate buffers between residential uses and C-2 and C-3 districts and uses. Building size is limited to 5,000 square feet. Examples of permitted uses: arcade, boarding house, noncommercial athletic field, retail furniture sales, grocery store, nursery (retail – no growing of plants on site permitted), retail office equipment and supply, and retail rug or carpet sales. No outdoor storage or display of goods shall be permitted except for outdoor dining. Single-family dwelling (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools.

Proposed Zoning: "C-2 CD" Commercial districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

The "CD" Conditional Use would permit an outside storage facility, to include vehicles, construction equipment, materials, and storage pods. The zoning would require the property be screened from adjacent properties and the right of way.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center and is not within a ½ mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the IH-10 East Corridor Perimeter Plan and is currently designated as “Urban Living” in the future land use component of the plan. The requested “C-2 CD” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property sits along Interstate Highway East, and is surrounded by properties either vacant, outside city limits, or that also have heavy commercial land uses.
3. **Suitability as Presently Zoned:** The current “R-6” Residential Single-Family District and “C-2” Commercial District are appropriate zonings for the property and surrounding area. The proposed “C-2 CD” Commercial District with Conditional Use for Outside Storage is also appropriate. The size and placement of the lot are aligned with the proposed use, and the property is located along a major highway primarily used for interstate travel.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the IH-10 East Corridor Perimeter Plan:
 - Goal 3: Compatibility of Land Uses
 - Improve the quality of life and safety of residents of the IH 10 East Perimeter Planning area by addressing incompatible land uses.
 - Goal 4: Improve the Corridor
 - Analyze design standards that can be implanted along the IH 10 East Corridor
6. **Size of Tract:** The subject property is 3.00 Acres, which can reasonably accommodate an outside storage facility.
7. **Other Factors:** The applicant intends to rezone to “C-2 CD” to develop storage facility screened from adjacent property and right of way.

If zoning is approved coordination with TxDOT would be needed on access along Interstate Highway East.

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The subject property is located within the Randolph Airforce Base Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
