Under the 2001 Unified Development Code, established by Ordinance 93881, dated May 03, 2001, the property zoned, "R-1" Single-Family Residence District converted to the current "R-6" Residential Single-Family District.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and SAWS recommend Approval.

SAWS recommends no more than 65% impervious cover on the subject property.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the North Sector Plan and is currently designated as "Suburban Tier" in the future land use component of the plan. The requested "O-1.5" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is

consistent with the established development pattern of the surrounding area. The property abuts a business center to one side, and largely undeveloped land on the opposite side. While there is residential zoning across the subject property, it is largely undeveloped.

3. **Suitability as Presently Zoned:** The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “O-1.5” Mid-Rise Office District is also appropriate. The property will be developed as an extension of the business center it abuts on the south side, which fronts Huebner Road and is zoned “O-2” High Rise Office District. If approved, the property could act as a buffer between the “O-2” High-Rise Office District and the single-family residential zoning across Pebble Lane.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the West/Southwest Sector Plan:
  - ED-1.3 Continue to maintain and revitalize retail and commercial uses
  - Goal LU-1 Compatible land use pattern promoted so that natural resources are preserved and the local economy remains viable.
    - o LU-1.1 Locate buffers between high density/intensity land uses that are potentially incompatible.
6. **Size of Tract:** The subject property is .3748 acres, which can reasonably accommodate the proposed development
7. **Other Factors:** The applicant intends to rezone to “O-1.5” to develop parking lot for the abutting Huebner Road Business Center. The parking lot will accommodate approximately 24 parking spaces.

Based on the information provided to SAWS staff, SAWS identifies the subject property as a Category 2 property. SAWS staff recommends approval of the zoning request, provided that the impervious cover shall not exceed 65% on the site. Reference SAWS report dated August 9, 2022.

The subject property is located within the Camp Bullis Base Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB-SA-CB was notified of the proposed request. The Military has indicated that there are no objections to this request.
