**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

**RECOMMENDATION:****Staff Analysis and Recommendation:** Staff recommends Approval.**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the San Antonio Airport Vicinity Land Use Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6 CD” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The property resides on a block face where properties of similar lot size are zoned “RM-4” Residential Mixed District as a result of the 2001 Unified Development Code converting them from their previous zoning “R-2” Two-Family Residence District. Duplexes can be found along Uhr Lane, demonstrating an already established development pattern.
3. **Suitability as Presently Zoned:** The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-6 CD” Residential Single-Family District with a Conditional Use for two (2) dwelling units is also appropriate. The property is located on the corner of two collector streets, with driveways on each side with street frontage. Additionally, there are established duplexes along Uhr Lane on both sides of the block face.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the West/Southwest Sector Plan:
  - Goal I: Protect the quality of life of residents including health, safety and welfare
    - o Objective 1.1 Protect integrity of existing residential neighborhoods and prevent excessive noise pollution and other airport hazards
    - o Objective 1.3 Enhance quality of the environment in existing neighborhoods that are impacted by airport noise
6. **Size of Tract:** The subject property is 0.2571 acres, which can reasonably accommodate the proposed residential development.
7. **Other Factors:** The applicant intends to rezone to “R-6 CD” bring an already existing duplex into compliance. The site plan does not indicate any additions or changes to the existing structure.

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The storage unit which looks like a manufactured home in the back of the property is within the required setbacks. It has been inspected by city officials to ensure that it is not connected to the main utilities and is used for storage. Reference INV-ZCD-21-3140002703.
