Notices Mailed

Owners of Property within 200 feet: 50

Registered Neighborhood Associations within 200 feet: Government Hill Alliance
Neighborhood Association

Applicable Agencies: Planning Department, Fort Sam Military Base

Property Details

Property History: The subject property was located within the original 36 square miles of the City of San Antonio and zoned "E" Office District. Under the 2001 Unified Development Code, established by Ordinance 93881, dated May 03, 2001, the property zoned "E" Office District converted to "O-2" High-Rise Office District. The property was rezoned by Ordinance 2010-11-04-0971, dated November 4, 2010 to "MF-18" Limited Density Multi-Family District.

Topography: The property does not include any abnormal physical features such as slope or incursion in a floodplain.

Adjacent Base Zoning and Land Uses

Direction: North

Current Base Zoning: O-2

Current Land Uses: Single-Family Residences

Direction: South

Current Base Zoning: MF-25, RM-5, and O-2

Current Land Uses: Single-Family Residences and Vacant

Direction: East

Current Base Zoning: MF-18

Current Land Uses: Apartment Complex

Direction: West

Current Base Zoning: MF-18

Current Land Uses: Apartment Complex

Overlay District Information:

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Special District Information: N/A.

Transportation

Thoroughfare: East Grayson Street

Existing Character: Minor

Proposed Changes: None Known

Thoroughfare: East Josephine Street
Existing Character: Collector
Proposed Changes: None Known

Public Transit: VIA bus routes are within walking distance of the subject property.
Routes Served: 20

Traffic Impact: The traffic generated by the proposed development does not exceed the threshold requirements. Development generates less than seventy-six (76) PHT Sec. 35-502**A TIA Report is Not Required.

Parking Information: The minimum parking for multifamily units at a maximum density of 100 units per acre is 1.5 space per unit

ISSUE:
None.

ALTERNATIVES:

Current Zoning: "MF-18" Limited Density Multi-Family allows multi-family development to a maximum density of 18 units per acre.

Proposed Zoning: "IDZ-3" High Intensity Infill Development Zone allows rezoning requests of unlimited density, and uses permitted in "C-3", "O-2" and "I-1". All approved uses and maximum density must be requested and stated within the ordinance. Provide flexible standards for setbacks and parking for the development and reuse of underutilized parcels within a qualifying area of the city.

The proposed "IDZ-3" would allow 100 dwelling units.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is located within the Midtown Regional Center and is located within a half mile of the New Braunfels Avenue Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Midtown Area Regional Center Plan and is currently designated as "Urban Low Density Residential" in the future land use component of the plan. The requested "IDZ-3" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "High Density

Residential”. Staff recommends Denial. The Planning Commission recommendation is pending the September 14, 2022 hearing.

2. **Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “MF-18” Limited Density Multi-Family District is an appropriate zoning for the property and surrounding area. The current zoning allows for multi-family units at a density appropriate and manageable for the surrounding infrastructure and properties. The proposed “IDZ-3” High Intensity Infill Development Zone District with uses permitted for 100 dwelling units is not an appropriate zoning for the property and surrounding areas. It introduces density that is character of the neighborhood and area. The existing “MF-18” allows up to 22 units.
4. **Health, Safety and Welfare:** Staff has found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with any public policy objectives of the Midtown Area Regional Center Plan.
 - Goal 5: Broaden Housing Choices - Offer a range of housing types and price-points to meet the diverse needs of residents such as, seniors, students, families, and others; conserve existing affordable housing and the existing diverse mix of housing types and expand affordable housing options; rehabilitate or redevelop housing that is in poor condition; and focus most new housing development closer to multimodal transportation corridors.
 - Land Use Recommendation #2: Encourage zoning that supports the maintenance of neighborhood character while encouraging affordable housing, housing for all stages of life, and housing that is accessible to people with mobility impairments.
 - Land Use Recommendation #3: Discourage incremental rezoning (both up and downzoning) in Midtown neighborhood areas.
 - H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
 - H Goal 3: Housing choices are available in walkable and bikeable neighborhoods located near transit, employment, retail, medical and recreational amenities.
 - H Goal 5: High-density housing choices are available within the city’s 13 regional centers and along its arterial and transit corridors.
 - H Goal 6: Infill development and revitalized neighborhoods provide a range of housing choices near the city center.
6. **Size of Tract:** The 1.24 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The existing building used to be a nursing and rehabilitation center. The property is proposed for development of multifamily uses. The property is currently zoned “MF-18”, allowing for up to 22 units. The proposed rezoning would allow 100 units.

The subject property is located within the Fort Sam Houston Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
