The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration. The "MLOD-2" Lackland Military Lighting Overlay District does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation. The Woodlawn Lake Neighborhood Conservation District (NCD-8) is an overlay zoning district that contains design guidelines for rehabilitation of existing residential and commercial development. Property owners,

together with the Department of Planning and Community Development staff, develop the design guidelines. These guidelines can address building materials, height, size, massing, signage, sidewalk location, etc. A zoning review is performed by the Zoning Section of the Development Services Department.

- 2) Downward facing lighting and pointed away from residential zoning and/or uses after 8pm
- 3) Streetscape trees along Woodlawn in the same configuration as Woodlawn Lake Park and bushes to be added to screen business from residential uses.
- 4) Pole sign on St. Cloud limited to 6-feet and monument signage only on Woodlawn.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Near Northwest Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “C-1 CD” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The requested “C-1 CD” Light Commercial District with Conditional Use for a Carwash is also an appropriate zoning for the property and surrounding area. The request reduces allowable higher intensity commercial uses, while allowing consideration of a Carwash. The “CD” Conditional Use also allows consideration of conditions if necessary, such as hours of operation, prohibiting temporary signage, and the addition of landscape/screening buffers.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Near Northwest Community Plan.

- Objective 2.2: Business Development Create opportunities for new business development to ensure a diversity of attractive businesses in pedestrian friendly environments.
- Ensure the Near NW Community's business corridors are filled with a mix of uses including professional offices, residences, and busy shops, providing neighbors an attractive place to walk for shopping, playing, working, and relaxing both day and night.
- 2.2.1 Encourage business and property owners along Bandera Road, the northern end of Fredericksburg Road (beyond the Deco District), West Avenue, Culebra Road, Hildebrand Avenue, Zarzamora, Cincinnati, Babcock, Saint Cloud and in the Jefferson Village area to organize and form new merchants associations for the purpose of supporting and initiating improvement efforts.
- Create opportunities for new business development to ensure a diversity of attractive businesses in pedestrian friendly environments.
- 2.2.2 Encourage new business development to locate in existing commercial areas in need of revitalization and promote existing business enhancement.

6. **Size of Tract:** The 1.12 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop a Car Wash.

The "C-1" Light Commercial District limits building size to 5,000 square feet.
