Please provide a brief narrative outlining your reasons for	In order for the City of San Antonio to continue being a prosperous, diverse, and vibrant city, we must continue to invest in our higher education institutions San Antonio is home to many amazing higher

<p>seeking appointment to this board or commission:</p>	<p>education institutions from our Alamo community colleges to our four year institutions. These institutions have proven to cultivate the minds of San Antonians and create leaders in our community and across the nation. In order to have continued success in this area, our city leaders must continue to implement policies that will lead the nation in higher education. My hope is that as a member of one of our many great higher education institutions, I can be of service to the council in helping forge policies that will allow more San Antonians the opportunity to grow in education and have success I believe that policies such as child care provided to single parents who want to attain a degree or trade school certification is a great way we can expand the opportunity of higher education to our citizens. Another issue that has become more and more of an issue in our society is a lack of attention paid to mental health. Per the National Alliance on Mental Health, 37 of students with a mental health condition aged 14 years and up drop out of school. We ought to address and offer ways to receive treatment for mental illness so that San Antonians have a better chance of graduating and obtaining a higher degree. Lastly, the brain drain is real Let us invest in our great local institutions like UT Health Science Center and find ways to retain our young, great minds here in the City of San Antonio</p>
