RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the South Central San Antonio Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6 CD” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-6 CD” Residential Single-Family District with Conditional Use for a Parking Lot-Noncommercial is also an appropriate zoning for the property and surrounding area. The requested “R-6 CD” keeps the base zoning district but allows the use of a noncommercial parking lot to provide additional parking for a businesses along Pleasanton Road.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the South Central San Antonio Community Plan.
 - Distribute land uses to meet the physical, social, cultural, economic, and energy needs of present and future populations.
 - Encourage patterns of development that provide the full range of housing choices and promote a sense of community, urban vitality and the efficient provision of infrastructure.
 - Encourage a balance of new development and redevelopment of target areas.
 - Promote economic development and integrate environmental quality protection.
 - Balance centralized and dispersed service locations to optimize the delivery of community services.
6. **Size of Tract:** The 0.135 acre site is of sufficient size to accommodate the proposed development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions. The applicant is rezoning to develop a Parking Lot- Noncommercial.

The following conditions shall apply to the operation of nonresidential uses permitted within any residential district, unless otherwise approved by the City Council:

- A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.
- B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.
- C. Business hours operation shall not be permitted before 7:00 a.m. or after 6:00 p.m.
