A minimum 65 foot buffer zoned NC, C-1 or O-1 shall be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited.

Proposed Zoning: “RM-4” Residential Mixed district allows single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, four-family dwelling, row-house or zero-lot line dwelling, accessory dwelling, with a minimum lot size of 4,000 square feet and a minimum lot width of 15 feet, public and private schools.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Downtown Neighborhood Plan and is currently designated as “Residential” in the future land use component of the plan. The requested “RM-4” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The eastern side of the block is entirely “RM-4” Residential Mixed District.

3. **Suitability as Presently Zoned:** The existing "O-2" High Rise Office District is not an appropriate for the property. The requested "RM-4" is appropriate for the property as it will match the zoning in the block and surrounding area.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the Downtown Neighborhood Plan.

Housing / Urban Neighborhood

- Create urban neighborhoods and increase the number of residents living downtown. Encourage affordable housing for a wider range of people and create new housing incentives.
6. **Size of Tract:** The 0.1106 acre site is of sufficient size to accommodate residential development.
  7. **Other Factors:** Applicant is seeking a rezoning to develop residential units on the property. The "RM-4" Residential Mixed District will allow no more than four (4) units.
