Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:	Growing up as a first-generation student, I endured many hardships and setbacks that lead me to believe I would not be able to break down the barriers necessary to be able to serve people. Surrounded in a world of domestic violence, trauma, lack of resources and very little support, I was socialized into thinking that people like me are not meant to take on the role of impacting decisions. I saw firsthand how hard it was to thrive and break down systematic barriers while applying to and staying in college. I made so many mistakes along my journey and desperate wish I would have had someone to be there for me when I had so many unanswered questions. That is the reason why I passionately engage to teach people about the social-economic mobility and the cultural capital to help students navigate through college. It was not until I became an intern at the mayor's office that I was then able to realize what it means to formulate policy by watching the effects it has on people. Working side by side with Mayor Ron Nirenberg and his team has enabled me to see how everything is focused on the betterment of our community in order to place value on constituents and their concerns. By examining the needs of so many people, I was able to reflect on the power policy has to achieve equity and create a better lifestyle for all. Now I am challenged to pursue educational policy to provide more access to educational reforms within societal structures. This is the reflection of my commitment to people's needs to create a more equitable environment. And as a proud student leader for the College for Health, Community and Policy and UTSA as a whole, I wish to streamline stronger paths of compromise while understanding the complexities and challenges we face to develop active solutions in magnifying equity by working with non-profits, volunteering with youth to co-fund their

	<p>dreams, raising voter turnouts, and building more transparent bridges between the needs of marginalized communities and accessible resources. I truly believe we can scale youth leadership, restorative justice, and equitable education, so that all children and youth have their voices heard, the healing supports they need, and access to the opportunities they deserve. Having someone to believe in me one day was what propelled me to keep going. And now serving on the board would be an enormous honor as I would be able to continue striving towards new ways to serve the of City of San Antonio and my community to the best of my abilities. Thank you so much for your consideration.</p>
