

Growdon Vehicle Storage Facility Contract Amendment **Item #54**

City Council “A” Session
December 15, 2022

Presented by: Chief of Police William McManus

Purpose

Amendment to Growdon Vehicle Storage Facility Agreement with Alanis Wrecker Service

- Allows Alanis to collect a 10% auction fee up \$500
- Ensures continuation of online auctioning of vehicles for the City

Background

- Under current agreement, operator sells eligible vehicles on behalf of City
- City receives 85% of auction proceeds
- Current Six Year Agreement expires 9/30/2023

Background

- During COVID, contractor moved from in-person to online auctions at no additional cost
- Online service provided additional exposure of impound vehicles resulting in an increase in sales
- Today's action authorizes Alanis to charge an online auction fee of 10% per total bid for each vehicle, with a maximum fee of \$500
- City revenues collected through this agreement will not be impacted by this action

The screenshot displays a web interface for finding vehicles. On the left, a 'Find Vehicle' sidebar contains filters: 'CAR' and '2009-2019' are selected; 'Save Search' and 'New Search' links are present. Below, dropdown menus for 'Vehicle Type' (CARS), 'Make' (All Makes), 'Model' (All Models), 'Year from' (2009 to 2019), 'Distance' (Any), 'Destination ZIP Code' (empty), and 'Sales Type' (All) are shown, along with a 'Search' button. The main area, 'Search Results - Bid For Salvage Car', shows a table of results with columns for Photos, Year/Make/Model, Auction location, Sale Date, and Current Bid (USD). Four results are visible, each with a 'LIVE AUCTION' badge, an 'Add to Watchlist' button, and a 'Live Auction' button.
