RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial with an alternate of "RM-4" Residential Mixed District. Zoning Commission recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Port San Antonio Regional Center Plan and is currently designated as "Employment Flex Mixed Use" in the future land use component of the plan. The Staff's recommended "RM-4" base zoning district is consistent with the future land use designation. The requested "R-4" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Urban

Low Density Residential”. Staff recommends Denial. Planning Commission recommendation is pending the January 11, 2023 hearing.

2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. Staff’s recommended “RM-4” Residential Mixed District is also an appropriate zoning for the property and surrounding area. Staff’s recommendation allows for additional density in an appropriate location, while still allowing single-family development. The “RM-4” zoning would be an appropriate transition between the “MF-33” zoning to the north and the “R-6” Zoning to the west. The requested “R-4” Residential Single-Family District is not appropriate for the property and surrounding area. The requested “R-4” would limit potential housing types in the area and create a lot size out of character for the surrounding neighborhood.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy objectives of the Port San Antonio Regional Center Plan.
 - H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
 - H P10: Ensure land use designations and other policies allow for and encourage a mixture of housing types and densities of housing within development projects.
 - H P11: Encourage and incentivize new housing development projects to provide a mixture of housing types, sizes and prices.
 - Goal 4: Increase housing options while preserving or increasing home ownership rates. Introduce a variety of housing options in the area, particularly those currently under-represented or missing from the area that may appeal to current or future residents, including those employed within the Port San Antonio Area Regional Center. Preserve existing family-friendly neighborhoods and seek a healthy portfolio of housing types in the Port San Antonio Area Regional Center. Identify locations for future housing options and mixed-use/retail development uses so that they are close in proximity to encourage a vibrant and active area.
 - Land Use Recommendation #3: Encourage more diversity of housing options in the Port San Antonio Area Regional Center.
 - Land Use Strategy 3.5: Ensure that zoning for properties in the Port San Antonio Area supports the goals, recommendations, and strategies of the housing plan component.
 - Housing Recommendation #2: Attract diverse, new, quality housing products and incorporate housing in mixed-use areas.
6. **Size of Tract:** The 0.3854 acre site is of sufficient size to accommodate the proposed residential development.

7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JB SA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The property is proposed for development of multiple residential properties with lot sizes of 4000 square feet. At 0.3854 acres, there could potentially be development of 4 lots. The applicant is proposing 3 lots with the rezoning.

In accordance with the San Antonio City Unified Development Code, the Office of Historic Preservation reviews all demolition applications for any property located within the city limits of San Antonio. Approval of a zoning change does not imply approval of or take the place of such demolition review as directed by the UDC. To date, no application for demolition at this address to accommodate the proposed use has been submitted for review to the Office of Historic Preservation.
