Any oral response given at the Pre-Submittal Conference that is not confirmed in writing and posted with this solicitation shall not be official or binding on the City.

Changes to RFCSP.

Changes to this RFCSP made prior to the due date for proposals shall be made directly to the original RFCSP. Changes are captured by creating a replacement version each time the RFCSP is changed. It is Respondent's responsibility to

check for new versions until the proposal due date. City will assume that all proposals received are based on the final version of the RFCSP as it exists on the day proposals are due.

No oral statement of any person shall modify or otherwise change or affect the terms, conditions or specifications stated in the RFCSP.

Preparation of Proposals.

All information required by the RFCSP must be furnished or the proposal may be deemed non-responsive and rejected. Any ambiguity in the proposal as a result of omission, error, unintelligible or illegible wording shall be construed in the favor of City.

Proposal Format. Websites or URLs shall not be submitted in lieu of the electronic submission through City's portal. **ELECTRONIC** proposals must include **ALL** the sections and attachments in the sequence listed in the RFCSP Section 003, Part B, Submission Requirements, and each section and attachment must be indexed in a Table of Contents page. For electronic submissions, each separate section should be attached as a separate file. Failure to meet the above conditions may result in disqualification of the proposal or may negatively affect scoring.

Correct Legal Name. If Respondent is found to have incorrectly or incompletely stated the name of the entity that will provide goods and/or services, the proposal may be rejected.

Line Item Proposals. Any proposal that is considered for award by each unit or line item must include a price for each unit or line item for which Respondent wishes to be considered. Scoring of pricing for proposals is on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" proposal in the Supplemental Terms & Conditions.

All or None Bid. Any proposal that is considered for award on an "all or none" basis must include a price for all units or line items. In an "All or None" bid, a unit price left blank shall result in the proposal being deemed nonresponsive and disqualified from consideration. An "All or None" bid is one in which City will award the entire contract to one respondent only. City reserves the right to delete line items prior to award.

Delivery Dates. Proposed delivery dates must be shown in the proposal where required and shall include weekends and holidays, unless specified otherwise in this RFCSP. Proposed delivery times must be specific. Phrases such as "as required", "as soon as possible" or "prompt" may result in disqualification of the proposal. Special delivery instructions, if any, may be found in the Specifications / Scope of Services section of this document, or in the Purchase Order.

Tax Exemption. The City of San Antonio is exempt from payment of federal taxes, and State of Texas limited sales excise and use taxes. Respondents must not include such taxes in proposal prices. An exemption certificate will be signed by City where applicable upon request by Respondent after contract award.

Description of Supplies.

Any brand names, catalog or manufacturer's reference used in describing an item is merely descriptive, and not restrictive, unless otherwise noted, and is used only to indicate quality and capability desired.

Proposals submitted for comparable items must clearly identify the proposed product, model, and type, as applicable, and shall include manufacturer specification sheet(s) for each proposed item with proposal response. Product specifications shall be the most current available and be sufficiently detailed and descriptive so as to permit City to determine the item's suitability and compliance with proposal specifications. City shall be the sole judge of equality and suitability of comparable items.

Pro-rata adjustments to packaging and pricing may be allowed at the sole discretion of City.

Samples, Demonstrations and Pre-award Testing. If requested by City, Respondent shall provide product samples, demonstrations, and/or testing of items proposed to ensure compliance with specifications prior to award of the contract. Samples, demonstrations and/or testing must be provided within 7 calendar days of City's request. Failure to comply with City's request may result in rejection of a proposal. All samples (including return thereof), demonstrations, and/or testing shall be at Respondent's expense. Samples will be returned upon written request. Requests for return of samples must be made in writing at the time the samples are provided. Otherwise, samples will become property of City at no cost to City. Samples that are consumed or destroyed during demonstrations or testing will not be returned.

Estimated Quantities for Annual Contracts.

Designation as an "annual" contract is found in the contract's title on the Cover Page of this document. The quantities stated are estimates only and are in no way binding upon City. Estimated quantities are used for the purpose of evaluation. City may increase or decrease quantities as needed. Where a contract is awarded on a unit price basis, payment shall be based on the actual quantities supplied.

Respondent's Due Diligence.

Respondents shall thoroughly examine the drawings, specifications, schedule(s), instructions and all other contract documents.

Respondents shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment, or conditions and sites/locations for providing goods and services as required by this RFCSP. No plea of ignorance by Respondent will be accepted as a basis for varying the requirements of City or the compensation to Respondent.

Confidential or Proprietary Information. All proposals become the property of City upon receipt and will not be returned. Any information deemed to be confidential by Respondent should be clearly noted; however, City cannot guarantee that it will not be compelled to disclose all or part of any public record under the Texas Public Information Act, since information deemed to be confidential by Respondent may not be considered confidential under Texas law, or pursuant to a Court order.

Interlocal Participation.

City may engage in cooperative purchasing with other governmental entities or governmental cooperatives ("Entity" or "Entities") to enhance City's purchasing power. At City's sole discretion and option, City may inform other Entities that they may acquire items listed in this RFCSP. If this contract will be subject to cooperative purchasing, such fact will be indicated in the Supplemental Terms and Conditions portion of this RFCSP. Such acquisition(s) shall be at the prices stated in the proposal and shall be subject to Respondent's acceptance. Entities desiring to acquire items listed in this RFCSP shall be listed on a rider attached hereto, if known at the time of issuance of the RFCSP. City may issue subsequent riders after contract award setting forth additional Entities desiring to utilize this proposal.

Respondent must sign and submit the rider, if attached to this RFCSP, with its proposal, indicating whether Respondent wishes to allow other Entities to use its proposal. Respondent shall sign and return any subsequently issued riders within ten calendar days of receipt. Respondent's decision on whether to allow other Entities to use the proposal shall not be a factor in awarding this RFCSP.

Costs of Proposing. Respondent shall bear any and all costs that are associated with the preparation of the Proposal, attendance at the Pre-Submittal conference, if any, or during any phase of the selection process.

Rejection of Proposals.

City may reject any and all proposals, in whole or in part, cancel the RFCSP and reissue the solicitation. City may reject a proposal if:

Respondent misstates or conceals any material fact in the proposal; or

The proposal does not strictly conform to law or the requirements of the solicitation;

The proposal is conditional; or

Any other reason that would lead City to believe that the proposal is non-responsive or Respondent is not responsible.

City, in its sole discretion, may also waive any minor informalities or irregularities in any proposal, such as failure to submit sufficient proposal copies, failure to submit literature or similar attachments, or business affiliation information.

Variances and Exceptions to Proposal Terms. In order to comply with State law, respondents must submit proposals on the same material terms and conditions. Proposals that contain material variances or exceptions to the terms and conditions, including additional terms and conditions, will be rejected.

Changes to Proposal Form. Proposals must be submitted on the forms furnished, where forms are provided. Proposals that change the format or content of City's RFCSP will be rejected.

Withdrawal of Proposals. Proposals may be withdrawn prior to the due date for submission. Proposals submitted electronically may be withdrawn electronically.

Proposal Opening. The names of the respondents will be publicly read aloud online through WebEx at 2:30 P.M. on the day the proposals are due. In accordance with state law, the contents will not be revealed until after the contract is awarded.

Evaluation and Award of Contract.

Per Section §252.043 of the Texas Local Government Code, the contract will be awarded to the responsible offeror whose proposal is determined to be the most advantageous to City, considering the relative importance of price and the other evaluation factors included in this RFCSP.

City reserves the right to evaluate pricing on the basis of low line item, low total line items, or in any other combination that serves the best interest of City, unless City designates this solicitation as an "all or none" proposal in the Supplemental Terms & Conditions.

A written award of acceptance (manifested by a City Ordinance) and Purchase Order furnished to Respondent results in a binding contract without further action by either party. City shall not be liable for any costs, claims, fees, expenses, damages, or lost profits if no Purchase Order is issued.

City reserves the right to utilize historical usage data as a basis for evaluation of proposals when future usages are unable to be determined.

City reserves the right to delete items prior to the awarding of the contract, and purchase said items by other means.

Inspection of Facilities/Equipment.

Depending on the nature of the RFCSP, Respondent's facilities and equipment may be a determining factor in making the proposal award. All respondents may be subject to inspection of their facilities and equipment.

Prospective respondents must prove beyond any doubt to City that they are qualified and capable of performing the contract's requirements.

Prompt Payment Discount.

Provided Respondent meets the requirements stated herein, City shall take Respondent's offered prompt payment discount into consideration. The evaluation will not be based on the discount percentage alone, but rather the net price as determined by applying the discount to the proposal price, either per line item or total proposal amount. However, City reserves the right to reject a discount if the percentage is too low to be of value to City, all things considered. City may also reject a discount if the percentage is so high as to create an overly large disparity between the price City would pay if it is able to take advantage of the discount and the price City would pay if it were unable to pay within the discount period. City may always reject the discount and pay within the 30 day period, at City's sole option.

City will not consider discounts that provide fewer than 10 days to pay in order to receive the discount.

For example, payment terms of 2% 5, Net 30 will NOT be considered in proposal evaluations or in the payment of invoices. However, payment terms of 2% 10, Net 30 will result in a two percent reduction in the proposal price during proposal evaluation, and City will take the 2% discount if the invoice is paid within the 10 day time period.

Prohibited Financial Interest.

The Charter of the City of San Antonio and the City of San Antonio Code of Ethics prohibit a City officer or employee, as those terms are defined in §§ 2-42 and 2-52 of the Code of Ethics, from having a direct or indirect financial interest in any contract with City. An officer or employee has a "prohibited financial interest" in a contract with City or in the sale to City of land materials, supplies or service, if any of the following individual(s) or entities is a party to the contract or sale:

- A City officer or employee; his or her spouse, sibling, parent, child, or other family member within the first degree of consanguinity or affinity;
- An entity in which the officer or employee, or his or her parent, child or spouse directly or indirectly owns (i) 10% or more of the voting stock or shares of the entity, or 10% or more of the fair market value of the entity; or
- An entity in which any individual or entity listed above is (i) a subcontractor on a City contract, (ii) a partner or (iii) a parent or subsidiary entity.

By submitting a bid, Bidder warrants and certifies, and a contract awarded pursuant to this RFCSP is made in reliance thereon, that it, its officers, employees and agents are neither officers nor employees of the City.

Unfair Advancement of Private Interests. Pricing and discounts contained in this contract are for use by City departments conducting City business. City employees may not use their positions to obtain special treatment or prices that are not available to the general public.

State of Texas Conflict of Interest.

Questionnaire (Form CIQ). Chapter 176 of the Texas Local Government Code requires that persons, or their agents, who seek to contract for the sale or purchase of property, goods, or services with the City, shall file a completed Form CIQ with the City Clerk if those persons meet the requirements under §176.006(a) of the statute.

004 - SPECIFICATIONS / SCOPE OF SERVICES

Background

The City of San Antonio seeks proposals from qualified contractors interested in providing supplemental "on-call" commercial heating ventilation and air conditioning (HVAC) maintenance and repairs through an on call contracting services (OCCS) contract. Service shall be for HVAC maintenance and repairs for City facilities throughout the City of San Antonio. Trade services within new building construction, remodeling or alterations of an existing building will not be included.

The term "on call contracting services" includes contracts where the work is of a recurring nature, but the delivery times and quantities are indefinite, and orders are awarded substantially, based on pre-described and pre-priced tasks. Using the most current RS Means Cost Data Price Book, the contracted price, Contractor's Coefficient, will be applied to all labor and material line items necessary for each job.

The City's objective is to (1) obtain a cost-effective delivery of high-quality projects in a rapid and reliable manner; (2) build long-term relationships; and (3) have dedicated individuals/crews assigned to the contract. For the contractor, the objectives of an OCCS are to maintain a long-term business relationship with the City and achieve a fair profit. As a facility need is identified, either by work required or caused by breakdowns, the City will assign said project to an OCCS contractor, who will in turn investigate, plan, provide an estimate and schedule the work to be accomplished once authorization has been granted to proceed. Any contract resulting from this solicitation shall be non-exclusive and shall be awarded with the understanding and agreement that it is for the sole convenience of the City. The City reserves the right to obtain like goods and services from other sources. Any contract(s) awarded under this RFCSP are in addition to and will not replace trade related contracts already in place. The City shall retain the right to determine which contracts are in its best interests.

This contract will not include professional services required by a licensed architect or engineer, as contemplated by Chapters 1051 and 1001 of the Texas Occupations Code. Contractor will not be guaranteed a minimum or maximum amount of work.

In September 2021, the City's budget for these services was estimated at \$3.5 million over the life of the contract, including all possible renewals, and pursuant to the requirements of Chapter 2269, Texas Government Code, and Ordinance No. 2021-09-09-0663, the City established a maximum aggregate contract price of \$3.5 million, to be divided between each HVAC contract awarded. Currently, \$3.2 million of the maximum aggregate contract price remains and the intent of the City is to supplement the previously awarded OCCS contracts by awarding additional OCCS contract(s) to firms that can deploy a workforce around-the-clock for long-term solutions to complex problems requiring hours, days, weeks and sometimes months of work. The City does not guarantee any number or dollar value of jobs, tasks or purchase orders allocated for each contract.

OCCS contractors awarded a contract on September 9, 2021, by Ordinance No. 2021-09-09-0663 are not required to resubmit their proposal or submit a new proposal in response to this RFCSP.

The City does not anticipate any one OCCS project to be valued over \$250,000.00; however, any individual purchase order valued over \$250,000.00 will require approval by the San Antonio City Council by passage of an ordinance.

2. **City Representative:** The facilities maintenance manager for the Building and Equipment Services Department.
3. **Emergency:** Any building or equipment failure considered by City, in its sole discretion, to be a matter of public or personal health or safety.

RS Means provides cost information to the construction and trades industry so contractors can provide accurate and fair estimates and projections for their project costs. It has become a data standard for government work in terms of pricing and is widely used by the industry. RS Means is accessible online for a fee and it is also integrated in a variety of cost estimating software packages to allow for fast and reliable estimating. Cost information is updated annually and is available for purchase online, via CD-ROM, or in book form.

2. Contractor shall be responsible for obtaining all required permits applicable to performance under any single order placed against this RFCSP. City shall be responsible for the cost of any project required City permits. Contractor shall include all such costs within its OCP.
3. Contractor must be knowledgeable in awarded trade discipline and have general knowledge of general construction as it relates to the building structure.

7. Contractor will be required to complete non-emergency work during Normal Working Hours, unless prior written authorization has been obtained from the City Representative. City may require Contractor to perform non-emergency work that could have a negative effect on passengers or tenants between midnight and 5:00 a.m.

All parts or material used shall be OEM or as recommended by the manufacturer and grades specified by the City.

To determine the price of any work performed pursuant to the OCCS, Contractor's Coefficient shall be applied to the applicable line item(s) in the most current RS Means Cost Data price book (referred to hereafter as the "Unit Price Book" or "UPB"). Because any work under this contract is on a job order basis, exact project specifications are not available. General specifications are included in this solicitation and form the basis for any work to be performed. The specifications are intended to indicate the requirements of the City, which include generally accepted

practice in the construction industry.

As projects are identified, Contractor will apply its approved Contractor's Coefficient to applicable line items within the most current UPB to determine a project price, which will include material, equipment, and/or labor performed during normal working hours or during overtime/holidays. **Line(s) items for administrative/management fees will not be accepted by the City.**

9. City will not provide copies of RS Means Cost Data to Contractor. Contractor is responsible for purchasing its own Unit Price Book or CD-ROM.

Notification may be provided by phone, email or fax for projects not expected to exceed \$3,000. OCP requested by phone, email or fax shall be submitted by Contractor within 48 hours of request unless otherwise stated in request. Projects expected to cost \$3,000 or more will be solicited through a written Request for On Call Proposal (RFOCP). All requests will include City's Work Order Number and a deadline for submission of the OCP. Determination to solicit multiple OCPs or only one shall be on a case by case basis, as deemed in the best interest of the City. Contractor shall provide response by contacting the City Representative or designee to further define the work requirement; or Coordinate a job site visit.

2. On Call Proposal (OCP)

After defining the project's scope of work, Contractor shall begin preparing an On-Call Proposal (OCP) for review and approval by the City Representative or designee. Failure to provide an OCP after a Request for Service shall be a breach of this contract.

OCPs are to include, at a minimum, the following information:

- Vendor Number
- Name and location of building or site;
- Description of proposed services;
- Estimated duration of project
- Proposal cost by line item;

- Estimated labor hours, including Normal Working Hours and Overtime Working Hours, if authorized;
- Unit Price Book's Construction Specification Institute (CSI) Master Format Classification Number per line item;
- Total including Overhead and Profit (this figure is the sum of the bare material cost plus profit; the bare labor cost plus total overhead and profit; and the bare equipment cost plus profit);
- Permit requirements and fees (if applicable);
- Proposed traffic control method required (if applicable); and
- Property damage required to complete work (i.e. - wall cutouts, carpet removal, asphalt or concrete removal, etc.) and proposed repair methods (if applicable).

The UPB shall serve as the basis for establishing the value of the work to be performed. After summarizing project pricing, the Contractor shall apply the R.S Mean CCI Coefficient for San Antonio, Texas and approved contract coefficient (from Price Schedule of this RFCSP) to reach final pricing. For those job items not listed in the specified R.S. Means Cost Data Book, pricing shall be determined by applying the same coefficient other applicable current R.S. Means publications; however, OCP must clearly identify the publication utilized. If the specific job item is

not listed in any R.S. Means publications, then the price will be determined through selected Respondent's discount off suggested retail price. OCPs must be submitted to the City at no cost. Time shall be based on actual time spent on the job site(s). Travel charges to and from the job site will NOT be approved. **Line(s) items for administrative/management fees will not be accepted by the City.**

Contractor shall submit the completed OCP to the City Representative or designee for review and approval consideration by the deadline stated in the RFOCP or in the phone, email, or fax request.

Upon review of the OCP(s), City shall have the right to reject one or all proposals, cancel the proposed project, rebid the work, or perform all or portion of the work utilizing City personnel. City shall not be responsible for payment of costs incurred by the Contractor for the preparation and submission of an OCP regardless of project outcome.

Once approved, the City will issue a formal PO referencing Contractor's approved OCP. PO shall contain the Statement of Work, Start Date, lump sum price and the project schedule. PO will serve as the Contractor's notice to proceed.

In the event of an emergency service requirement, the procedures above will be expedited upon receipt of a verbal request by the City. Contractor will commence work as required and provide documentation as soon as possible. City will issue PO as soon as possible.

D. Scheduling of Work

Representative or designee informing of their presence and purpose of visit as stated in the PO.

9. Contractor must always keep the site, including storage areas, free from accumulations of waste materials. Before completing the work, Contractor must remove from the premises all rubbish, tools, scaffolding, equipment, and materials not the property of City. Upon completing the work, Contractor must leave the site in a clean and orderly condition satisfactory to City. Final cleanup is part of the work, and Contractor is responsible for all construction refuse disposal containers and their removal from the site.
10. Work that cannot be completed within the mutually agreed upon time frame must be approved in advance by the City Representative, or designee. The City Representative or designee reserves the right to terminate the PO with Contractor and solicit outside quotes if the required time frame cannot be met.

Temporary Short-Term Extensions.

City shall have the right to extend this contract under the same terms and conditions beyond the original term or any renewal thereof, on a month to month basis, not to exceed three months. Said month to month extensions shall be in writing, signed by Director, and shall not require City Council approval, subject to and contingent upon appropriation of funding therefore.

Temporary Contract Pending Award of Contract by City Council

Occasionally, the City has a need for goods or services prior to the date set for the San Antonio City Council to consider a contract for award. If such a situation arises with regard to this solicitation, and if City intends to recommend Vendor's bid to the City Council for award of a contract, City may require Vendor to provide goods or services prior to the date set for City Council to consider the bid for award of a contract. City shall provide Vendor advance written notice if such occasion arises.

In such event, City's written notice shall constitute acceptance of Vendor's bid and shall result in a temporary contract to provide goods and/or services until City Council considers and awards the contract contemplated in this solicitation. The total expenditure under the temporary contract shall not exceed \$50,000. The temporary contract shall begin on the date set forth in City's written notice and shall terminate when the total expenditure reaches \$50,000, or upon subsequent written notice from City, whichever shall occur sooner. Should City Council authorize award of a contract to Vendor pursuant to this solicitation, said award shall automatically terminate the temporary contract upon the effective date of the newly awarded contract.

During the term of the temporary contract, all goods or services shall be provided in accordance with the terms and conditions contained in this solicitation, with the exception of the Original Contract Term, which is modified as indicated above for the temporary contract.

Acceptance of Vendor's bid for the purposes of award of a temporary contract does not constitute award of the full contract with the Original Contract Term. Such a contract may only be awarded by the San Antonio City Council by passage of an ordinance. Neither does award of a temporary contract obligate City to recommend Vendor's bid for award to the City Council or guarantee that the City Council will award the contract to Vendor.

Internal / External Catalog.

San Antonio e-Procurement. The City is using an "e-Procurement" system (SAePS) based on SAP's Supplier Relationship Management (SRM) software. SAePS is a secure, web browser-based system that gives City employees the ability to shop for items from online catalogs and brings the items back automatically into SAePS. Online catalogs include both a SAePS internal catalog and externally hosted catalogs on supplier websites.

SAePS Electronic Catalog Options. Vendor shall furnish an electronic catalog that contains only the items awarded by City and displays pricing proposed under this contract. Vendor may choose either Option 1 or Option 2 below as the method for furnishing the catalog.

This Punch Out Catalog shall have e-commerce functions, including, but not limited to, cataloging, searching and shopping cart functionality. Option 2. Internal Catalog. Vendor shall provide a list of products and services awarded under this contract for uploading into the COSA e-Procurement system in an electronic format as specified by City. The electronic

submission may be through email, unless it exceeds City's maximum allowable file size limit. In such case, Vendor shall provide the submission on a CD or other means approved by City.

Paper Catalog. If a Punch Out Catalog is not available and Vendor elects to provide an Internal Catalog, City, at its sole option, may require Vendor to provide its Internal Catalog in paper form in addition to the electronic form.

Catalog Content. All catalogs, regardless of the form in which they are provided, must include these elements, at a minimum.

- Your part number
- Short and long descriptions
- Units of measure
- Pricing, contract pricing, tiered pricing

For Punch Out catalogs, Vendor must update pricing on their website and provide City a notification and detailed explanation of the price updates. For Internal Catalogs, Vendor must provide an updated pricing file with details of the pricing updates. If paper catalogs have been requested, updated paper catalogs must be provided concurrently with Internal Catalog files, or as soon thereafter as printed catalogs become available.

Persons providing services on the project ("subcontractor" in §406.096) - includes all persons or entities performing all or part of the services the Contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the contractor and regardless of whether that person has employees. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. The contractor must provide a certificate of coverage to the City prior to being awarded the contract.

If the coverage period shown on the contractor's current certificate of coverage ends during the duration of the project, the contractor must, prior to the end of the coverage period, file a new certificate of coverage with the City showing that coverage has been extended.

The contractor shall obtain from each person providing services on a project, and provide to the City:

- a certificate of coverage, prior to that person beginning work on the project, so the City will have on file certificates of coverage showing coverage for all persons providing services on the project; and

The contractor shall contractually require each person with whom it contracts to provide services on a project, to:

provide to the contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project;

provide the contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

obtain from each other person with whom it contracts, and provide to the contractor:

- a certificate of coverage, prior to the other person beginning work on the project; and

- a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

retain all required certificates of coverage on file for the duration of the project and for one year thereafter;

notify the City in writing by certified mail or personal delivery, within 10 days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

contractually require each person with whom it contracts, to perform as required by paragraphs (1) - (7), with the certificates of coverage to be provided to the person for whom they are providing services.

By signing this contract or providing or causing to be provided a certificate of coverage, the contractor is representing to the City that all employees of the contractor who will provide services on the project will be covered by workers' compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the Division's section of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

The contractor's failure to comply with any of these provisions is a breach of contract by the contractor which entitles the City to declare the contract void if the contractor does not remedy the breach within ten days after receipt of notice of breach from the City.

Form 1295 must be completed online. It is available from the Texas Ethics Commission by accessing the following web address:

https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm.

Where requested to provide the contract number, provide the solicitation number shown on the cover page of this solicitation (e.g. RFX 6100012553, or RFCSP 6100012553).

The following definitions found in the statute and Texas Ethics Commission rules may be helpful in completing Form 1295.

"Business entity" includes an entity through which business is conducted with a governmental entity or state agency, regardless of whether the entity is a for-profit or nonprofit entity. The term does not include a governmental entity or state agency. (NOTE: The City of San Antonio should never be listed as the "Business entity".)

"Controlling interest" means: (1) an ownership interest or participating interest in a business entity by virtue of units, percentage, shares, stock, or otherwise that exceeds 10 percent; (2) membership on the board of directors or other governing body of a business entity of which the board or other governing body is composed of not more than 10 members; or (3) service as an officer of a business entity that has four or fewer officers, or service as one of the four officers most highly compensated by a business entity that has more than four officers. Subsection (3) of this section does not apply to an officer of a publicly held business entity or its wholly owned subsidiaries.

"Interested party" means: (1) a person who has a controlling interest in a business entity with whom a governmental entity or state agency contracts; or (2) an intermediary.

"Intermediary," for purposes of this rule, means a person who actively participates in the facilitation of the contract or negotiating the contract, including a broker, adviser, attorney, or representative of or agent for the business entity who:

- (3) is not an employee of the business entity or of an entity with a controlling interest in the business entity.

Publicly traded business entities, including their wholly owned subsidiaries, are exempt from this requirement and are not required to submit Form 1295.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

WORKING WITH COSA – KEYS TO FASTER PAYMENT

CITY OF SAN ANTONIO

Working with COSA ----- Keys to faster payments

Welcome to doing business with the City of San Antonio (COSA)! We appreciate our suppliers and vendors and offer the following guidelines to ensure we are in the best position to process your payments quickly and timely:

- ❖ COSA works on a Purchase Order (PO) system. It is the vendor's responsibility to obtain a valid Purchase Order from the ordering department each time an order is placed.
 - The PO number is required to be included on all invoices and should be included on shipping documents where possible.
 - City PO numbers begin with "45" or "80" and are 10 digits in length.
 - Invoices received without a valid PO number are subject to return for correct billing.
 - Payment date is determined from the later of: date of receipt of goods/service or the date of receipt of a valid invoice by the City plus the number of days/ payment terms agreed to in the contract.
 - PO's are issued for a specific quantity and/or dollar value. Vendors should fill orders up to that amount and have a method of tracking when the PO value has been met. When the PO is complete, the vendor should contact the ordering City Department for a new PO number before further goods or services are provided.
 - Please ensure your invoice billing is in the same quantity and net price values as the bid. The PO will be set up per the contract and the invoicing must match the detail on the PO.
- ❖ It is our policy to not make manual corrections to invoices. Most City contracts do not allow miscellaneous charges, delivery charges and other surcharges.
 - Credit memos will be accepted to offset pricing issues.
 - Other erroneous items included may result in rejection of the invoice and will require a new, correct invoice.
- ❖ Original invoices and monthly statements should be submitted directly to Accounts Payable: Please ensure you have rules in place in your system that will prevent unauthorized requests to change the billing address.

FEDERAL BUREAU OF INVESTIGATION CRIMINAL JUSTICE INFORMATION SERVICES SECURITY

The goal of this document is to augment the CJIS Security Policy to ensure adequate security is provided for criminal justice systems while (1) under the control or management of a private entity or (2) connectivity to FBI CJIS Systems has been provided to a private entity (contractor).
