Ely suggested a volunteer program to help residents with lack of resources. Ely ended with the recommendation of having a large transport vehicle to take dogs North.
- b. Pam Gould of District 7 recommended more school district partnerships to help raise the standard level of care for pets as well as career day opportunities.
- c. John Atwood of District 6 discussed resources and spay & neuter. Atwood mentioned the frequency of dog fighting, dog breeding, and dog abandonment in San Antonio. He stated the Mayor needs to give more resources to ACS and that everyone should report issues and cast their votes.
- d. Robert DeLeon of District 6 discussed personal experience with the TNR Program. DeLeon stated he felt lost in figuring out what to do and the difficulties connecting with staff on the phone. DeLeon ended with the obstacles in scheduling appointments and getting cages.

- e. Emily Casso of District 3 discussed difficulties getting in touch with her Councilwoman. Casso continued with South-East side of town being a major dumping ground for pets. She stated the community is not learning despite resources to educate and that San Antonio needs to have a new plan.
- f. Maryanne Rivas of District 5 stated that the community needs to do something and stop blaming. She recommended fixing confusion, communications, and lack of info for fosters. Rivas said to fix policies, procedures, timeframes, misinformation, and not answer e-mails.
- g. Damon Jackson of District 6 gave speaking time to Jenna Loos.
- h. Amy Bagley gave speaking time to Vicki Steerman.
- i. Jenna Loos of District 10 stated she met with a group about banning horse carriages in San Antonio. She stated that there should be an open forum opportunity with the ACS Advisory Board. Loos recommended improvements to Do Not Adopt/Foster listing to help with animals returning to ACS. She addressed that SAPA! was no longer posting at risk pets. Loos ended with recommending more spay & neuter events and microchip events.
- j. Jen Brown of District 1 said to lead by example through fostering pets. Brown discussed doing Trap-Neuter-Return (TNR) for dogs and existing dog TNR programs in Puerto Rico. She stated she hopes ACS takes a stance against horse carriages.

She requested marketing on transportation options and asked questions about volunteers transporting pets to-and-from drop off sites.
