RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West Sector Plan and is currently designated as “Mixed Use Center” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property abuts a major highway and is in a predominately commercial area of “C-2” Commercial and “C-3” General Commercial uses.
3. **Suitability as Presently Zoned:** The current “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The proposed “C-2 S” Commercial District with a Specific Use Authorization for a Club- Private is also appropriate. The property is surrounded by various “C-2” and “C-3” zoning designations, with various accompanying commercial land uses that range in intensity. The “S” Specific Use Authorization requires that the development be held to a site plan that addresses layout and parking, and that will prevent expansion of the use without additional zoning consideration.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the West/Southwest Sector Plan:
 - Goal LU-1 Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses
 - LU-1.3 Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby
6. **Size of Tract:** The subject property is 2.454 acres, which can reasonably accommodate the proposed commercial use.
7. **Other Factors:** The applicant received a notice of zoning violation in January 2023. The applicant is rezoning to “C-2 S” to bring an existing card house on the property into compliance. The Private Club (card house) is within an existing restaurant.

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally

permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.
