RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West Sector Plan and is currently designated as "General Urban Tier" in the future land use component of the plan. The requested "RM-6" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is

consistent with the established development pattern of the surrounding area. The property sits in an established residential neighborhood comprised of single-family structures with some duplexes in the area.

3. **Suitability as Presently Zoned:** The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “RM-6” Residential Mixed District is also appropriate. The proposed “RM-6” will permit two units on the property, and the size of the property will require the two units be attached as one structure. Additionally, the requested “RM-6” aligns with the goals of the Strategic Housing Implementation Plan (SHIP), which aims to create additional housing options to meet the growing population.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the West/Southwest Sector Plan:
 - Goal HOU-1 - Housing stock is diverse, and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan
 - o HOU-1.2: Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood.
 - o HOU-3.1: Re-invest in existing residential neighborhoods
6. **Size of Tract:** The subject property 0.3007 acres, which can reasonably accommodate the proposed residential development.
7. **Other Factors** The applicant intends to rezone to “RM-6” to develop a duplex on the property.

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

Per 35-310.07 (a) of the Unified Development Code, development proposed on properties a third of an acre or smaller and zoned “RM-6” Residential Mixed District must all be contained in a single-structure.
