BACKGROUND INFORMATION:

This is a request for Alcohol Sales for on-premise consumption at an Private Social Club for Card Gaming and Entertainment in the Brooklyn Square building. It has been a vacant office/retail building in Downtown San Antonio and there have been no previous alcohol sales at this location.

The Texas Alcoholic Beverage Code Ann. Title 4, Chapter 109, Subchapter B, §109.33(e) authorizes municipalities to establish a variance process if it is determined that the enforcement of the regulation in a particular instance is not in the best interest of the public, constitutes waste or inefficient use of land or other resources, creates an undue hardship on an applicant for a license or permit, does not serve its intended purpose, is not effective or necessary, or for any other reason the city council, after consideration of the health, safety, and welfare of the public and the equities of the situation, determines is in the best interest of the community. Pursuant to this enabling legislation, the provisions of Chapter 4, §4-6(c) of the City Code were established by the City of San Antonio.

The TABC authorizes municipalities to establish variance criteria from the distance requirements and

§4-6(c) of San Antonio's City Code states that with City Council authorization, the sale of alcoholic beverages at a location within three hundred (300) feet of a school may be granted, provided that the City Council makes the following findings:

- 1) The sale of alcoholic beverages had been permitted within the last two (2) years at the location in question:

The applicant indicated that there have not been on-premise consumption of alcohol, and sales of alcoholic beverages permitted on this property within the last two (2) years.

- 2) The discontinuance of the sale of alcoholic beverages was not a result of a violation of law;

There are no recorded violations of alcohol sales the noted property.

- 3) A variance is necessary because the manner of measurement, as currently prescribed in V.T.C.A. § 109.33(b), has changed and as a result thereof, the premises in question has been determined to be within three hundred feet (300) feet of a public school; and

The property at 1126 North St. Mary's Street is located within three hundred (300) feet of the property line of Providence Catholic School. The applicant has requested a variance from this provision.

- 4) The proposed sale of alcoholic beverages would be for on-premise consumption and constitute no more than thirty (30) percent of the establishment's annual gross revenues.

The alcohol sales will exceed 30% of total revenues of the Private Social Club. The applicant has requested a variance to this provision.

The TABC authorizes municipalities to establish variance criteria from the provisions of §4-6 (d).

- 6) Requiring the submission of documentation to verify that no more than thirty (30) percent of the establishment's annual gross revenues are generated by the sale of alcoholic beverages.

a. The responsibility of providing documentation verifying the percentage of the proposed annual gross revenues are generated by the sale of alcoholic beverages is the responsibility of the business owner and is stated as such in this document.

b. No more than thirty (30) percent of the annual gross revenues will be generated by the sale of alcohol and is regulated by the State of Texas for alcohol sales and on-premise consumption of alcohol.

Currently, the sale of alcoholic beverages at 1126 North St. Mary's Street will violate Chapter 4, §4-6 of the City Code and Title 4, Chapter 109, Subchapter B, §109.33(a)(1) of the Texas Alcoholic Beverage Code. The applicant is requesting a variance to allow the sale of alcohol for on-premise sale of alcohol within three hundred (300) feet of Providence Catholic School, which is accredited and recognized by the accredited by the Texas Catholic Conference Education Department and Southern Association for Colleges and Schools.

§4-6(c)(3) mandates that alcohol cannot be sold within three hundred (300) feet of a public school.

The proposed business is approximately 65.3 feet from the existing school property, measured property line to property line in accordance with TABC measurement standards.

§4-6(e)(1) includes three activities or actions that would constitute a violation of any granted variance: 1) selling alcoholic beverages for off-premise consumption, 2) selling alcoholic beverages for on-premise consumption of alcoholic beverages that exceed more than thirty (30) percent of the annual gross revenues of the establishment, and 3) violating any other condition imposed by city council.

Alcohol will be sold for on-premise consumption. The applicant is to sell alcohol as specified by the Texas Alcoholic Beverage Commission (TABC) requirements.

ALTERNATIVES:

The City may opt not to waive the requested waivers and variances, prohibiting the sale of alcohol for off-premise consumption at 1126 North St. Mary's Street.
