Overlay District Information:

The "HL" Historic Landmark, "HS" Historic Significant or "HE" Historic Exceptional overlay district designation signifies the historic architectural character or cultural significance of the structure or location. Historic Landmark designations do not affect the possible uses of the property, but do regulate the exterior aesthetic of the structure. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

The "MLOD-3" Martindale Army Airfield Military Lighting Overlay District does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

The "AHOD" Airport Hazard Overlay District, due to the location of the property and its proximity to an airport or approach path, does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

- 1. Consistency:** The subject property is located within the Arena District/Eastside Community Plan and is currently designated as "Public Institutional" in the future land use component of the plan. The requested "RM-4" base zoning district is consistent with the future land use designation.
- 2. Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
- 3. Suitability as Presently Zoned:** The existing "RM-4" Residential Mixed District is an appropriate zoning for the property and surrounding area. The proposed "RM-4 S" Residential Mixed District with a Specific Use Authorization for a Child Care Facility is also an appropriate zoning. The rezoning maintains the base "RM-4" Residential Mixed District and the "S" Specific Use Authorization allows a Child Care Facility. The use of the property will remain a church and the rezoning adds the Child Care Facility. The rezoning requires a prescribed site plan. The proposed Child Care Facility will not adversely impact the established uses and would be compatible with the current uses and the surrounding area.
- 4. Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
- 5. Public Policy:** The request does not appear to conflict with any public policy objective of the Arena District/Eastside Community Plan.

Relevant Goals and Policies of the Comprehensive Plan may include:

- GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
- GCF Goal 6: Growth and city form support community health and wellness.
- GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate.

Relevant Goals and Policies of the Arena District Eastside Community Plan may include:

- 2.1 Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations.
- 2.6 Strengthen the community with additional gathering nodes and emphasize the places of significance.

- 6.4 Emphasize positive social and economic effects.

6. Size of Tract: The 3.0 acre site is of sufficient size to accommodate the proposed child care facility.

7. Other Factors: The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JB SA were notified of the proposed request. The Military has indicated that there are no objections to this request.

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is rezoning to develop a child care facility.
