ISSUE:
None.

ALTERNATIVES:

Current Zoning: "FR" Farm and Ranch District preserves rural character and culture by implementing larger minimum lot sizes and by prohibiting incompatible land uses and providing areas for agricultural operations and natural resource industries.

Proposed Zoning: "MHC" Manufactured Home Conventional District provides suitable locations for HUD-code manufactured homes in manufactured housing conventional subdivisions (individual homes on individual lots).

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center or within ½ a mile from a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Heritage South Sector Plan and is currently designated as "Agribusiness/RIMSE Tier" in the future land use component of the plan. The requested "MHC" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Suburban Tier". Staff recommends Denial. Planning Commission recommendation is pending the August 9, 2023, hearing.
2. **Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent

with the established development pattern of the surrounding area. The surrounding property are typically two to ten acre lots that are designed for agricultural purposes and heavy industrial uses.

3. **Suitability as Presently Zoned:** The existing "FR" Farm and Ranch District is an appropriate zoning for the property and surrounding area. The requested "MHC" Manufactured Housing Conventional District is not an appropriate zoning. The surrounding area is predominantly zoned "FR" Farm and Ranch District and "MI-1" Mixed Light Industrial. Under the Heritage South Sector Plan, the area is intended for Agriculture, Commercial, Light and Industrial. The proposed "MHC" base zoning district is not compatible with the surrounding zoning or land uses.
4. **Health, Safety and Welfare:** Staff has found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
 - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
 - Housing Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.
 - Housing Policy 30: Ensure infill development is compatible with existing neighborhoods.Relevant Goals and Strategies of the Heritage South Sector Plan may include:
 - Goal HOU-1 An array of housing choices throughout the area with an appropriate mix of densities and housing types.
 - HOU-1.1 Encourage a mix of housing types, including multi-family homes, custom homes, garden homes, and single-family detached homes to provide "life cycle" housing options (ranging from college students, young adults, families, and retired/ senior) within the area.
6. **Size of Tract:** The 5.0 acre site is of sufficient size to accommodate the proposed residential development.
7. **Other Factors:** The applicant intends to bring an additional manufactured home on to the property. There are two (2) existing non-conforming manufactured homes on the property.
