<p>Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:</p>	<p>I have now been on this commission for about 7 years. I am dependable and I work well with the staff. It consider myself important to this commission as I am not an architect wanting my name on a project. I am very objective and try to stay within the purview of our duty on the commission. Also important is that I can relate to the individuals that come to this commission without much architectural experience and can explain in simple terms. I'm also active on the adhoc DRC meetings always trying to move the conversations towards solutions. I would like to remain and keep representing our district. I live in the historic district and it's important that we understand the rules but at the same time respect our neighbors and find solutions that enhances our homes while keeping history.</p>
