RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the North Sector Plan and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “R-20 CD” base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The current “R-20” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “R-20 CD” Residential Single-Family District with a Conditional Use for an Assisted Living Facility with sixteen (16) residents is also appropriate. The rezoning maintains the residential base zoning designation. The “CD” Conditional Use allows consideration of an Assisted Living Facility with a prescribed site plan. The property is situated in an area where residential, industrial, and commercial uses are all in close proximity, and is sized appropriately to accommodate the proposed assisted living facility.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objectives of the North Sector Plan:
 - HOU-1.1 Promote innovative allowances that expand the variety of housing types and embraces flexible standards
 - HOU-1.2 Encourage compatible residential growth patterns and transitions
 - LU-1.5 Promote flexibility and innovation in residential, business and recreational land uses
6. **Size of Tract:** The subject property is 0.917 acres, which can reasonably accommodate the proposed development.
7. **Other Factors:** The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates assisted living facility uses, with a potential for up to sixteen residents on the property.

The subject property is located within the Camp Bullis Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.
