<p>Please provide a brief narrative outlining your reasons for seeking appointment to this board or commission:</p>	<p>I am seeking appointment as an individual who resides in the 100-year flood plain and I bring a unique perspective on drainage infrastructure and the needs of residents in my community and in district 7. I understand Atlas 14 and the flood plain map updates from 2010 and the proposed 2024 maps which are pending. In my service and employment in the D7 office I worked with the City's Stormwater department, local municipalities, County, SARA, and TXDot on drainage infrastructure needs and sequential projects across the district, City, and County. Also, in my service on the City's PCTAC I understand the City's UDC and recently adopted 40 UDC amendments directly tied to the City maintaining its rating within the Federal CRS program. The complexities of drainage not only impact stormwater infrastructure but also has a direct correlation to infrastructure in City streets. I have participated in all the City Bond Drainage Committee meetings (2007, 2012, 2017) and recently served on the 2022 Drainage Committee and understand the investments made in the past and the pending great amount of needs still to achieved for drainage infrastructure. As a member of the drainage committee, I was one of the strongest advocates for the creation of this board to ensure community engagement and watershed planning is ongoing with transparency. We cannot wait until we flood to act but rather plan and educate residents on the resources available to them.</p>
