**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as "General Urban Tier" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The property to the west of the subject site is zoned "C-2" Commercial District. The proposed rezoning provides continuity of zoning within the block and along Loop 410.
3. **Suitability as Presently Zoned:** The existing "MF-25" Low Density Multi-Family District is an appropriate zoning for the property and surrounding area. The proposed "C-2" Commercial District is also an appropriate. The subject property is located at the intersection of Interstate Loop 410 and State Highway 16 and would provide a commercial buffer between the high traffic roadways and multi-family residential development that is currently being built.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does not appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
  - JEC Goal 1: Employment is focused in the city's 13 Regional Centers, in site-specific locations in Urban Centers and along mobility corridors, providing easy connectivity for San Antonio's residents and businesses.Relevant goals and policies of the West/Southwest Sector Plan:
  - Strategy ED-1.2: Provide opportunities for live/work locations.
  - Strategy ED-2.4: Consider rezoning corridors and nodes to permit the mix of uses
  - Strategy ED-3.1: Ensure the development of new business locations and employment centers are compatible with the West/Southwest Sector Land Use Plan
6. **Size of Tract:** The 0.8376 acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding,

JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The applicant intends to develop a self-storage facility.
