No outdoor storage or display of goods shall be permitted except for outdoor dining.

The Conditional Use is for Motor Vehicle Sales use.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is not located within any Regional Center but is within a half mile of Zarzamora Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Kelly/South San PUEBLO Community Plan, adopted March 2010, and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "C-2" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Mixed Use." Staff recommends Denial. Planning Commission recommends Approval.
2. **Adverse Impacts on Neighboring Lands:** Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area.
3. **Suitability as Presently Zoned:** The existing "R-6" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "C-2 CD" Commercial District with a Conditional Use for Auto Sales is not an appropriate zoning. The request is inconsistent with the existing residential zoning located to the east and south of the subject property and would create commercial encroachment into an established single-family residential neighborhood. Although there is commercial zoning abutting the property to the west, those properties are located along Somerset Road, classified as a secondary arterial road, which accommodates commercial zoning and uses.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does appear to conflict with any public policy objective. Relevant Goals and Policies of the Comprehensive Plan may include:
  - GCF Goal 5: Growth and city form support improved livability in existing and future neighborhoods.
  - GCF P9: Allow higher-density and mixed uses in portions of, or adjacent to, single-family residential areas to encourage shopping, services and entertainment amenities in close proximity to housing and where appropriate.
  - GCF P14: Establish appropriate buffers and transitions (land use, form and/or landscaping) between residential neighborhoods and surrounding higher-density development.

Relevant Goals and Objectives of the Kelly South San PUEBLO Community Plan may include:

- 2007 Plan Goal 3 Economic Development: Improve the commercial corridors and the variety of goods, services, and employment available in the planning area in order to attract and support a mix of uses
- 2007 Plan Economic Development Objective 3.2: Attract and support a variety of businesses in a walkable, mixed-use environment.
- 2007 Plan, Objective 3.2.1: Attractive, Diverse Businesses – discourage an over-abundance of auto-related and bargain stores in the area.
- 2007 Plan, Objective 3.2.4: Discourage types of businesses that detract from the desired pedestrian quality of the street (e.g. day labor sites, pawn shops, tattoo parlors, and additional auto repair shops).
- 2010 Land Use Update: Increased Mixed Use along Major and Minor Corridors – increased Mixed Use along portions of major corridors such as New Laredo Highway, Somerset, Zarzamora, and Southcross in order to allow for more compatible uses.

6. **Size of Tract:** The 0.7014-acre site is of sufficient size to accommodate the proposed commercial development.
7. **Other Factors:** The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to this request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant is rezoning to develop Motor Vehicle Sales.

The applicant has submitted a site plan in accordance with the requirements of the code. The site plan indicates commercial uses.
