C-3 districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the Kelly/South San P.U.E.B.L.O Community Plan and is currently designated as "Neighborhood Commercial" in the future land use component of the plan. The requested "C-2" base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to "Community Commercial". Staff recommends Denial. The Planning Commission recommendation is pending.
2. **Adverse Impacts on Neighboring Lands:** Staff does find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is not consistent with the established development pattern of the surrounding area, abutting properties to the west are zoned and used as single-family residential.
3. **Suitability as Presently Zoned:** The existing "R-6" Residential Single-Family District is appropriate for the area and the "C-3" General Commercial District is also appropriate zoning in its current location along New Laredo Highway. The proposed "C-2 CD" Commercial District with Conditional Use for Animal and Pet Services is too intense for the area and is not consistent with land use designation. The applicant is requesting to condition down a use allowed by right in an "L" Light Industrial zoning district.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The request does/does not appear to conflict with any public policy objective Kelly/South San P.U.E.B.L.O Community Plan encourages areas of:

Neighborhood Commercial as follows:

This category provides for smaller intensity commercial uses such as small scale retail or offices, professional services, convenience retail, and shop front retail that serves a market equivalent to a neighborhood. Neighborhood commercial uses should be located at intersection of collector streets and higher order streets within walking distance of neighborhood residential areas, or along arterials where an existing commercial area is already established. Examples of neighborhood commercial uses include flower shops, small restaurants, lawyer's offices,

coffee shops, hairstylist or barbers shops, book stores, copy service, dry cleaning, or convenience stores without gasoline.

6. **Size of Tract:** The 0.542-acre site is of sufficient size to accommodate commercial development and the proposed Animal and Pet Services.
7. **Other Factors** The applicant intends is proposing an animal and pet services business with outdoor operations. The applicant will be held to the submitted site plan.

If the Zoning Commission recommends Approval, staff recommends that conditions such as: hours of operation, solid screen fencing and landscape buffers be added.
