**ALTERNATIVES:**

**Current Zoning:** “C-3” General Commercial base zoning districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

**Proposed Zoning:** “MF-33” Multi-Family allows any uses permitted in MF-25 but with a maximum density of 33 units per acre.

**FISCAL IMPACT:**  
None

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is located within the Highway 151 and Loop 1604 Regional Center and a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on approval criteria below.

1. **Consistency:** The subject property is located within the West/Southwest Sector Plan and is currently designated as General Urban Tier in the land use component of the plan. The requested “MF-33” Multi-Family base zoning district is consistent with the current land use designation.
2. **Adverse Impacts on Neighboring Lands:** Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is

consistent with the established development pattern of the surrounding area. Surrounding properties include a mix of residential and commercial uses.

3. **Suitability as Presently Zoned:** The existing “C-3” General Commercial District is an appropriate zoning for the property and surrounding area. The requested “MF-33” Multi-Family base zoning district is more appropriate for the size of the property and is in close proximity to retail, employment and transportation options. The proposed “MF-33” Multi-Family is also a good transition to the existing “C-3” General Commercial, “C-1” Light Commercial, “O-1” Office and “R-6” Residential Single-Family.
4. **Health, Safety and Welfare:** Staff has not found indication of likely adverse effects on the public health, safety, or welfare.
5. **Public Policy:** The proposed change of zoning does not appear to conflict with the following goals and strategies of the West/Southwest Sector Plan.

**Relevant Goals and Policies of the Comprehensive Plan may include:**

**H Goal 2:** A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) is available at a variety of price and rent levels.

**Relevant Goals and Strategies of the West/SW Sector Plan may include:**

**Goal HOU-1:** Housing stock is diverse, and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan

**Strategy HOU-1.2:** Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood

6. **Size of Tract:** The 14.872 acre site is of sufficient size to accommodate residential development.
7. **Other Factors:** The property is proposed for development of multifamily uses that will not exceed 33 units per acre. At 14.872 acres, there could potentially be development of 490 units. The applicant is requesting to build 479 units.
