### ***Part 4. Summary of Proposed Update with Suggested Text (see application instructions)***

The change to Section 4.10 update policy guidance reference to Sec. 35-210.

## Part 5. Cost Impact Statement

Section 35-11(a) of the UDC requires that all requests for amendments include a Cost Impact Statement. The Cost Impact Statement should be justified with substantiating information, such as cost estimates or studies.

The requested change to the UDC (please check appropriate box):

By how much?

(Indicate either a dollar amount or percentage above or below current construction and/or development costs)

A. ☒ Will not impact the cost of construction and/or development.

B. ☐ Will increase the cost of construction and/or development.

\_\_\_\_\_

C. ☐ Will decrease the cost of construction and/or development.

\_\_\_\_\_

## Part 6. Cost Impact Narrative and Back-Up Information

Please fully quantify the Cost Impact Statement that was provided in Part 5. Attach all relevant data and associated costs that you wish to have considered as well as a narrative explaining how the Cost Impact Statement was developed. If you need additional space, please attach additional sheets.

**Be sure to:**

- Consider and indicate initial and long-term maintenance costs;
- Consider city cost (i.e. personnel costs and costs to enforce);
- Indicate and be able to rationalize the baseline (current costs) and the cost projections associated with your request.

This clarification does not change requirements and thus will not increase the cost.

**Amendment 27-7****Applicant:** Public Works**Amendment Title:** 'Appendix H. 4.10. – Planning for LID'**Amendment Language:**

### 4.10 - Planning for LID

Low Impact Development is a land development approach which manages storm water runoff close to its source. It can be a cost effective tool for managing storm water while meeting multiple goals and enhancing the site. [Policy guidance on the application of LID techniques to development in San Antonio is found in UDC Section 35-210.](#) Technical guidance for the overall site and specific BMP design is found in the San Antonio River Basin Low Impact Development Technical Design Guidance Manual.
