QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? 1

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
Drainage & Flood Management Committee (Nov 2021-Current)

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☐ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience.
Door to door canvassing for political candidates, community cleanups, community mutual aid,
voter registrar, drainage bond advisory committee member

Please explain why you would like to serve on this committee.

I really enjoy the drainage committee and would like to continue advocating for positive
investments/infrastructure in San Antonio

Please share your interest and commitment to racial and economic justice and other social equity issues.
I'm active in community organizing and want to improve the material means
and conditions of the poor and working class.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

- ☐ Child care
- ☐ Meeting times
- ☐ Time commitment
- ☐ Access, location of meetings, and/or transportation
- ☐ Language or translation assistance
- ☐ Other

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

DEMOGRAPHIC INFORMATION – OPTIONAL

The City of San Antonio strives for boards and commissions to be representative of our diverse community. *Providing the following demographic information is voluntary, and will only be used for statistical and reporting purposes.*

Race/Ethnicity (Please select all that apply)

- ☒ Hispanic/Latinx
- ☒ White (Non Hispanic or Latinx)
- ☐ Black or African American (Non Hispanic or Latinx)
- ☐ Native Hawaiian/Other Pacific Islander (Non Hispanic or Latinx)
- ☐ Asian (Non Hispanic or Latinx)
- ☐ Two or More Races (Non Hispanic or Latinx)

Gender

Age: 35 _____

- ☒ Male
- ☐ Female
- ☐ Trans or Non-Binary
- ☐ Other

Do you identify as a sexual minority (such as
lesbian, gay, bisexual, queer, etc.)?

☒ Yes ☐ No

COMMITTEE MEMBER EXPECTATIONS

- Attend and actively participate in all meetings of the PCTAC.
In the event that you must be absent from a PCTAC meeting, it is expected that you will provide 48 hours' notice to the PCTAC Chair and the Staff Liaison. Two or more unexcused absences in a one year period may result in a recommendation of removal from the PCTAC by the Planning Commission.
- Alert City Staff of conflicts to participation.
- Assist with community and stakeholder engagement.
- Work towards successful outcomes.
- Maintain a working knowledge of the UDC, the City's Comprehensive Plan and Master Plan Policies, the Major Thoroughfare Plan, and other transportation plans, and the manner in which these plans are administered.

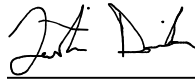

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

APPLICATION SIGN-OFF

I understand that if any member of the public makes a request for information included in this Application for Appointment, most of the information must be disclosed under the Public Information Act. I understand that the City of San Antonio will attempt to maintain the confidentiality of highly private matters by seeking an Attorney General's opinion in accordance with the Public Information Act. I understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of San Antonio, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act or any other law requiring its release.

OATH: I have read and understand the guidelines set out in this application. The foregoing statements are true, accurate, and complete. I agree that any misrepresentation or omission of facts may result in my disqualification for appointment.

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☒ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

I am a medical anthropologist with 20 years of fieldwork, research, and publication in the area of the intersection between human health and environmental sustainability.

I hold a PhD from the University of California, Berkeley, and am a tenured professor of anthropology at Trinity University, where my research and teaching are focused on this area.

Please provide a description of your professional, educational and community/volunteer experience.

- City of San Antonio Climate Action and Adaptation Plan Committee, Equity Technical Working Group, Spring 2018-2019
- Alamo Area Medical Reserve Corp, 2020- • San Antonio Area HIV Health Services Planning Council, Member, 2011-2016.
- City of San Antonio Westside Tax Increment Investment Zone, Board Member, 2016-2019.
- City of San Antonio/Bexar County HIV/AIDS Commission Planning Group, Member, 2011-2016. • San Antonio AIDS Foundation, Board Member, 2013-2015.

Please explain why you would like to serve on this committee.

I grew up and currently live in 78207. For much of my life I have seen the structural effects of poor policy and planning on the lives of our most vulnerable San Antonians.

These processes have conditioned people's life chances in quite unequal ways, such that now there is a 20-year life expectancy gap between our most impoverished and most well-off community-members.

I believe I can draw upon both my life experiences and my professional training and research to begin working toward a more equitable future for this city.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I am deeply committed to issues of equity and anti-racism, issues that have driven my 20 years of research, teaching, and publication, as well as my local commitments and volunteer efforts.

I served on the Climate Equity Technical Working Group for the CAAP, and have contributed to numerous local programs that aimed at securing health equity, many in the area of HIV/AIDS services.

My most recent research and efforts are in the area of health and environmental justice, specifically focused on equity in our utility rate structure, debt, and intergenerational poverty.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience. I have worked in government housing industry for 13 years. Currently I work in real estate as a representative for various clients on commercial/residential/development and investment projects.

Please explain why you would like to serve on this committee.

I think it is important to provide information to the public to mitigate unnecessary nuances that could financially impact them or their assets (homes)

Please share your interest and commitment to racial and economic justice and other social equity issues. I believe that those issues are of moral value and we are equal. The past should be left in the past. We have all suffered in some way or another but you must learn, be better and move forward in positivity. The world is what you make it.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? 8

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☐ Yes ☒ No

If yes, give the title and dates of any position which you have held in such organization:

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☒ Yes ☐ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☐ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☒ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Endangered Species Evaluation, U.S. FWS Section 10(a)(1)(A) Scientific Research and Recovery Permit for Golden-cheeked Warbler (TE75679D-0), expires 12/24.

Clean Water Act compliance, Wetland Training Institute (WTI) Certification, no expiration.

Please provide a description of your professional, educational and community/volunteer experience.

Alex Ramirez has a Bachelor of Science degree in Environmental Science from the University of Texas at San Antonio. He has approximately 6 years in the

environmental industry. He has experience in numerous aspects of the environmental industry, including: botany, ecology, and natural resource management.

Alex has worked in numerous states throughout the country and specializes in threatened and endangered species survey, habitat assessment, wetland science,

data management, and Endangered Species Act and Clean Water Act compliance. He has assisted with volunteer efforts across COSA parks for wildlife awareness programs.

Please explain why you would like to serve on this committee.

I am a highly ambitious, passionate individual that is committed to making a difference through environmental design and management. I would like to take

this passion and continue positively affecting my city, San Antonio, where I have lived my entire life. I believe working alongside other individuals within

this technical committee will bridge the gaps of knowledge to ensure a path toward creating sustainable practices for the city to implement.

Please share your interest and commitment to racial and economic justice and other social equity issues.

As part of the Hispanic/Latino, a typically minority demographic, I would take this opportunity to ensure all other minority

demographics are heard and given equal experiences so that we can all thrive together. I believe that this committee has a unique

position in fulfilling this need for the City of San Antonio. This committee would directly help reduce and ultimately eliminate

disparities experienced by the most marginalized San Antonio residents. I want to be part of this change, so we can set a precedent for all other cities in the country to follow.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

Alex Ramirez has approximately 6 years in the environmental industry. He has experience in numerous aspects of industry, including: botany, ecology, and natural resource management. Alex specializes in threatened and endangered species survey, habitat assessment, wetland science, data management, and Endangered Species Act and Clean Water Act compliance.

As a professional in environmental sciences, Alex has performed a wide variety of biological surveys including, but not limited to: wetland permitting, field survey logistics, field safety protocol, third party coordination, Geographic Information Systems (GIS) data management, ESRI Corp. desktop and mobile GIS programs, and Trimble GPS technology.

PROFESSIONAL EXPERIENCE

Raba Kistner, Inc. *Environmental Scientist II (Sept 2021 to Present)*

Percheron, LLC

Assistant Project Manager/ Env. Scientist II (June 2019 to Sept 2021)

- Coordinated field efforts for WOTUS and Threatened and Endangered Species surveys for oil and gas pipelines ranging from 1 mile to 63 miles in length throughout Texas, Louisiana, Mississippi, and Illinois.
- Oversaw project proposals and budgets for environmental assessments and constraints analysis ranging from \$10,000 to \$350,000 projects throughout Texas.
- Managed and coordinated Natural Resource field surveys for an approximately 4,200-acre Solar Farm east of Monroe, Louisiana.
- Generated permitting strategies following the USACE Galveston, Fort Worth, Albuquerque, New Orleans, Vicksburg, and Mobile district guidance for Nationwide and Individual Permit authorizations.
- Created project report templates (WOTUS Delineation, T&E Species Habitat Assessment, and Environmental Overviews) and survey protocols that are tracked and used throughout every project.

SWCA Environmental Consultants - Austin, TX/ San Antonio, TX

Environmental Specialist (04/18-04/19)

- Conducted numerous wetland delineations for oil and gas pipelines and wind farms in central and west Texas.
- Conducted numerous avian nest monitoring and surveys for state and federally listed species for oil and gas exploration efforts. Additionally, identified habitat and burrows for burrowing owls (*Athene cunicularia*) following guidelines set forth by New Mexico Department of Game and Fish.
- Collected data for avian point count surveys following pre-construction protocols for wind farms and onraptors such as Golden Eagles (*Aquila chrysaetos*), Bald Eagles (*Haliaeetus leucocephalus*), and various hawk species (*Buteo sp.*) for transmission lines in Texas.
- Led species specific surveys for federally threatened and endangered plant species such as Tobusch fishhook cactus (*Sclerocactus brevihamatus* ssp. *tobuschii*) in west Texas.
- Led habitat evaluations for Golden-cheeked Warbler (*Setophaga chrysoparia*) in accordance with the Endangered Species Act (ESA), for residential development and habitat conservation plans in central Texas.

Alex Ramirez

San Antonio, Texas

(210) 618-6612

edwardalexramirez@gmail.com

- Prepared biological reports and technical memos in accordance with the Clean Water Act (CWA), Endangered Species Act (ESA), and National Environmental Policy Act (NEPA), for clients involved in oil and gas exploration, transmission lines, transportation, and wind farms.
- Explored and monitored karst invertebrate preserves along the Edwards Aquifer recharge zone within central Texas. Identified several karst invertebrate species such as *Rhadine exilis*, *Rhadine infernalis*, *Texella cokendolpheri*, *Cicurina baronia*, and *Cicurina madla*.
- Led Houston Toad (*Bufo houstonensis*) monitoring and surveying efforts for oil and gas pipelines in east Texas.

City of San Antonio, Parks and Recreation San Antonio, TX

Administrative Assistant/Volunteer Specialist (08/15-04/18)

- Organized and managed environmental volunteer initiatives with the Nature Conservancy, Green Spaces Alliance, Alamo Area Texas Master Naturalists, and various city government agencies.
- Provided client support during events and scientific seminars that involved the construction of the Phil Hardberger Park Land Bridge.
- Coordinated with city officials and managers on the best management practices to be used within city parks.

Pape-Dawson Engineers, Inc. - San Antonio, TX

Environmental Services Intern (04-10/17)

- Performed numerous endangered species habitat assessments (ESHA) on properties located within potential GCWA or black-capped vireo (BCVI) habitat to assess the potential presence/absence of the songbirds. ESHAs included identifying vegetation, preparing habitat reports, and making project recommendations.
- Conducted numerous bird surveys in accordance with USFWS Section 10(a)1(A) protocol. Surveys include identifying golden-cheeked warblers (GCWA) as well as other birds present within study site during the survey.
- Mapped karst features on properties for proposed development and transportation projects. Identified karst features having potential invertebrate habitat; hand-excavated karst features; researched regional geologic maps and literature; and prepared reports in accordance with USFWS protocols.
- Conducted numerous wetland assessments and delineations of waters of the U.S. under Section 404 of the Clean Water Act.
- Contributed to wildlife and habitat sections of National Environmental Policy Act (NEPA) documents and field work including Environmental Impact Statements (EIS) and Environmental Assessments (EA).

Zara Environmental LLC - Manchaca, TX

Field Biologist (03-08/15)

- Performed habitat determinations and presence/absence surveys of endangered species: Golden cheeked warbler (*Setophaga chrysoparia*) and Black-capped vireo (*Vireo atricapilla*) in accordance to the USFWS and TPWD protocols to ensure adherence to national and state regulations.

Alex Ramirez

San Antonio, Texas

(210) 618-6612

edwardalexramirez@gmail.com

- Identified migratory bird species on projects using both visual and auditory methods.
- Monitored changing vegetation data of endangered species habitat consisting of various oaks and Ashe junipers, with the use of ESRI ArcGIS software, for the Southern Edwards Plateau Habitat Conservation Plan (SE-HCP).
- Worked alongside Texas A&M Agrilife extension services for netting and banding of bird species in Camp Bullis, TX.

MAJOR PROJECT EXPERIENCE

For each of the recent projects below, Mr. Ramirez was responsible for providing oversight for natural resources efforts including field surveys, report preparation, field coordination, project QA/QC, and/or operational support to complete the projects timely and in an efficient manner.

- Invenergy, **~4,200-acre Live Oak Solar Farm**, east of Monroe, LA. Managed and coordinated all natural resource surveys (WOUS Delineations, T&E Habitat Assessments, Migratory Bird and Raptor Nest Surveys) and generated permitting strategies in accordance with USACE Vicksburg District.
- NextEra Energy Resources., **~40-Turbine Blue Summit IV Wind Farm**, centered around Vernon, TX. This project required point count surveys for migratory birds in accordance with USFWS protocols.
- TransWest Express LLC, **730-Mile TransWest Express Transmission Project**, originating near Sinclair, Wyoming connecting to a second terminal site in Delta, Utah; then, ending near Boulder City, Nevada. This project required federal and state listed species surveys for several plants, birds, and mammals in accordance of section 7 and 10 of ESA by USFWS.
- Noble Energy, Inc., **Oil & Gas Exploration and Distribution (Transmission and Pipe) Lines and Well Pads**, which primarily centered within Pecos, Reeves and Ward Counties, TX. Each project required natural resources surveying and permitting services in support of Section 404 CWA authorizations within the Albuquerque District. Additionally, federally and state listed species surveys were conducted in accordance with TPWD and USFWS.
- Atmos, **63-Mile 36-Inch Natural Gas Line X Putnam to Nolan Pipeline**, which originates from Putnam, TX and extends westward toward Nolan, TX. The project required species specific surveys for threatened and endangered species. Additionally, it involved other natural resources surveying and permitting services in support of Section 404 CWA authorizations
- WhiteWater Midstream, **53.2-Mile AB42 Pipeline**, which extends from Mentone to Cayanosa, TX. The project required species specific surveys for threatened and endangered species. Additionally, it involved other natural resources surveying and permitting services in support of Section 404 CWA authorizations.
- Targa Resources, LLC, **Whistler Pipeline Project**, the project originated in Waha, TX and connects 450 miles of 42-inch pipe to NextEra's Agua Dulce market hub west of Corpus Christi, with an additional approximately 170 miles of 30-inch pipe continuing from Agua Dulce and terminating in Wharton County, TX. The project required species specific surveys for one federally threatened and two endangered species. Additionally, it involved other natural resources

edwardalexramirez@gmail.com

surveying and permitting services in support of Section 404 CWA authorizations.

- Enterprise Products Partners, L.P., **416-Mile 24-Inch Midland to Sealy Pipeline Project**, which originated in Midland, Midland County, Texas, terminating in Sealy, Austin County, Texas. This project required species specific surveys for one federally endangered species in coordination with USFWS.
- Enterprise Products Partners, L.P., **571-Mile 24-Inch Shin Oak Pipeline Project**, which originated from Gaines County, TX, terminating at Enterprise's NGL fractionation and storage complex in Mont Belvieu, TX. This project required species specific surveys for one federally endangered species in coordination with USFWS.
- ExxonMobil, **650-Mile W2W Pipeline Project**, which originated in Wink, TX and connects to sites near Webster, TX, additionally a lateral line extending from Wink to Midland, TX. This project required natural resources surveying and permitting services in support of Section 404 CWA authorizations within the Fort Worth and Galveston District.
- San Antonio Water System (SAWS), **142-Mile Water Vista Ridge Pipeline Project**, originating in Burleson County, TX and ends in San Antonio, Bexar County, TX. This project required species specific surveys and habitat assessments for two federally listed threatened species in accordance with section 7 and 10 of ESA.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No
In which City Council District do you reside? 1

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
TIRZ 31 since 2014-present. Term has expired.
Member - Impact San Antonio non-profit

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☐ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☐ Environmental
- ☒ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Although I have no profession credentials in Historic Preservation other than Historic House Specialist through the Office of Historic Preservation and San Antonio Board of REALTORS.

I also serve on the Historic Preservation committee of the Tobin Hill Community Association.

Please provide a description of your professional, educational and community/volunteer experience.

I have been a full-time real estate professional since 2004, active in SABOR committees and activities.

My interest in COSA planning and especially the urban and historic areas has been constant for the past 11 years.

I have served on the Midtown TIRZ for 6-7 years and in a working group of the Mayor's Housing Task Force.

Please explain why you would like to serve on this committee.

Since moving to the urban core 11 years ago I have participated in SA2020, Midtown/Brackenridge Planning and many other planning meetings.

Being on this committee could be a great opportunity to make a difference in representing another voice in the community - and being able to help the real estate community better understand.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I have come to better understand the inequity that is especially prevalent in many of the urban areas

and I am very interested in helping to make a difference. I think I'm known to be an advocate where these

issues are concerned. Having served as a CASA (child advocate) for 8 years, I came to better

understand how economic issues affect the entire family and especially the children.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? 10

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
Alternate Architect PCTAC (Planning Commission Technical Advisory Committee, Ended This Year.

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☒ Environmental
- ☒ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Although I have not selected the Registered Professional Architect here is my professional information.

Registered Texas Architect 10921; www.GAarchitect.com

Please provide a description of your professional, educational and community/volunteer experience.

Education: Central Catholic High School; Master Degree in Architecture and Construction Management

1978 Texas A&M; Bachelors Degree in Environmental Design 1975 Texas A&M. Texas Architect.

Volunteer: Member of Board of Director Mount Sacred Heart School; President of Board of Directors MSHS;

Alternate Architect PCTAC Member; Architect for Texas Advisory Committee on Personal Care Facilities

Please explain why you would like to serve on this committee.

As a lifelong resident of San Antonio and a successful educated Hispanic Professional, joining this committee would allow me to repay San Antonio for all it's provided to me and my family.

Please share your interest and commitment to racial and economic justice and other social equity issues.

The definition of Social Equity is impartiality, fairness and justice for all. I believe that fairness is essential

in our personal lives as well as in our government. Impartiality is necessary to administer justice. Without

it, we create seeds for racism, bigotry, social unrest, and a stagnate government and society. As a Hispanic

Texan whose family has resided in the San Antonio area for over 150 years I see a positive future.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

- ☒ Child care
- ☐ Meeting times
- ☐ Time commitment
- ☐ Access, location of meetings, and/or transportation
- ☐ Language or translation assistance
- ☐ Other

COMMITTEE MEMBER EXPECTATIONS

- Attend and actively participate in all meetings of the PCTAC.
In the event that you must be absent from a PCTAC meeting, it is expected that you will provide 48 hours' notice to the PCTAC Chair and the Staff Liaison. Two or more unexcused absences in a one year period may result in a recommendation of removal from the PCTAC by the Planning Commission.
- Alert City Staff of conflicts to participation.
- Assist with community and stakeholder engagement.
- Work towards successful outcomes.
- Maintain a working knowledge of the UDC, the City's Comprehensive Plan and Master Plan Policies, the Major Thoroughfare Plan, and other transportation plans, and the manner in which these plans are administered.

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

APPLICATION SIGN-OFF

I understand that if any member of the public makes a request for information included in this Application for Appointment, most of the information must be disclosed under the Public Information Act. I understand that the City of San Antonio will attempt to maintain the confidentiality of highly private matters by seeking an Attorney General's opinion in accordance with the Public Information Act. I understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of San Antonio, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act or any other law requiring its release.

OATH: I have read and understand the guidelines set out in this application. The foregoing statements are true, accurate, and complete. I agree that any misrepresentation or omission of facts may result in my disqualification for appointment.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☐ Yes ☐ No

In which City Council District do you reside? **District 10**

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities?

☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
At large Alternate Member, Board of Adjustment (September 2021 to present)
Panel Chairman and Board Secretary, Appraisal Review Board (Jan 2005-Dec 2010 and (Jan 2015 - Dec 2020)

Do you receive any compensation for service on this entity(ies)? ☒ Yes ☐ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☐ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience.

Profession - Retired Healthcare Executive

Education - BSBA, MA in Leadership and Management

Community service - At large Alternate Member Board of Adjustment

Please explain why you would like to serve on this committee.

Born and raised in the Near Westside of San Antonio, I experienced

poverty and poor housing conditions. This is why I wish to work

with PCTAC for a better San Antonio.

Please share your interest and commitment to racial and economic justice and other social equity issues.

As a Commanding Officer, I have personally dealt with social issues such as

Racism, Sexual Harassment, Women's Equality and Drug and Alcohol Abuse in

the work place. I share the philosophies of Rev. Martin Luther King and Cesar Chavez.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

- ☐ Child care
- ☐ Meeting times
- ☐ Time commitment
- ☐ Access, location of meetings, and/or transportation
- ☐ Language or translation assistance
- ☐ Other

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

DEMOGRAPHIC INFORMATION – OPTIONAL

The City of San Antonio strives for boards and commissions to be representative of our diverse community. *Providing the following demographic information is voluntary, and will only be used for statistical and reporting purposes.*

Race/Ethnicity (Please select all that apply)

- ☒ Hispanic/Latinx
- ☐ White (Non Hispanic or Latinx)
- ☐ Black or African American (Non Hispanic or Latinx)
- ☐ Native Hawaiian/Other Pacific Islander (Non Hispanic or Latinx)
- ☐ Asian (Non Hispanic or Latinx)

RE: Application for Planning Commission Technical Advisory Committee (PCTAC)
City of San Antonio

To Whom It May Concern:

Greetings. I recently learned of your request for applications for the Planning Commission Technical Advisory Committee (PCTAC), and was immediately intrigued. I offer the following paragraphs, in addition to the application form and resume submitted, to explain why I believe I could bring valuable perspectives to the PCTAC and serve the community that has been so welcoming and supportive to my family. Let me first offer my overview of the situation here in San Antonio, then a review of my training and experience, followed by my reasoning for submitting this application for the PCTAC:

The San Antonio City Council has pledged to support the Paris Climate Accord [fn 1], and it has passed a Climate Action & Adaptation Plan (CAAP) [fn 2]. This plan recognizes that many of the most serious direct effects of climate change locally will materialize as public health challenges [fn 3]. These include, but are not limited to, increases in the number of heat waves/triple digit days, increases in average summer night-time temperatures, aggravated urban heat inequities due to infrastructure and tree canopy disparities across the city, increases in flash flood severity, and air quality problems (CAAP). These leadership actions demonstrate that the municipal government has been fairly proactive regarding initial climate change planning. Land use policies, stormwater management, transportation planning, and equitable greenspace access, among other municipal initiatives, are all implicated in the successful implementation of the CAAP.

San Antonio unfortunately is starting its resilience and adaptation preparations from a position that includes many pre-existing social and economic difficulties. The city -- the seventh largest in the U.S. -- is dealing with rapid growth (2010 and 2020 U.S. Census reports), which is exacerbating already high levels of income inequality. This, in turn, is compounded by the reality that roughly 19% of the population lives below the poverty rate (American Community Survey, U.S. Census Bureau, 2018). The impacts of COVID-19 locally appear to have only amplified these problems, which likely exemplifies the greater complexities ahead. To this point, the municipal government chose to endorse the following acknowledgement: "San Antonio's history has produced social inequities that, if unaddressed, will worsen with climate change" (CAAP, p. 9).

[fn 1] San Antonio joined other U.S. cities as part of the Mayors National Climate Action Agenda. Baugh, Josh. "Council approves resolution on Paris climate accord." San Antonio Express-News, 22 June 2017.

[fn 2] Passed as Ordinance 2019-10-17-0840. Located at:
<https://www.sanantonio.gov/Portals/0/Files/Sustainability/SAClimateReady/SACRRReportOctober2019.pdf>

[fn 3] The City has decided to implement an approach that "organizes strategies in seven broad categories: increase infrastructure resilience; strengthen public health systems; enhance emergency management and community preparedness; promote, restore, and protect green infrastructure and ecosystems; protect local food security; increase resiliency awareness and outreach; and ensure equity in adaptation" (CAAP, p. 9).

As for me: As a lawyer, social science researcher, and trained conservationist, I am working to apply my experience and academic research toward assisting with local resilience and adaptation efforts. My legal background includes land use planning, environmental law, Native American law, resource conservation, nonprofit law, and public-private sector cooperation. My recent graduate studies at the University of Arizona (UA) provide a solid foundation for applying current scientific research in useful and usable ways that inform the revision of the Unified Development Code. I took advantage of “low walls” between UA departments to enroll in a variety of classes across several fields, with notable emphasis on environmental policy, property rights, public engagement, conflict and collaboration, Native American rights, watershed management, and climate change adaptation. A course on the Third National Climate Assessment (NCA3), co-taught by Kathy Jacobs (Director of the NCA3 at the White House’s Office of Science and Technology Policy) as well as other authors of the NCA3, led to a climate change publication in a peer-reviewed journal. I have gained a detailed understanding of the drivers of global change, and I have learned how to apply cutting edge scientific scholarship in order to identify regional extreme weather event risks and other natural hazard threats. Further, I am currently strengthening and interconnecting my skillsets by studying the public health dimensions of climate change through the Yale School of Public Health. (Please see resume.)

At the University of Arizona, I should mention that I was committed to ensuring that my academic coursework would include studies on community decision-making and public participation. This classroom learning was reinforced by my wide-ranging work out in the field with a variety of stakeholder groups on many different aspects of the thorny issue of water management across the drought-stricken State of Arizona. My colleagues and I frequently planned and moderated workshops, scenario planning exercises, and other stakeholder engagement meetings, and we sought to reach out particularly to historically marginalized communities. Our efforts were marked by special efforts to introduce useful and usable climate change science into discussions where participants were often initially deeply skeptical of the subject.

My ongoing research strongly suggests that San Antonio will likely become a significant “receiving” city for climate refugees, whether from increasingly arid rural Texas, the coastal area (challenged by sea level rise, disrupted fisheries, and stronger hurricanes), expanding Western wildfire zones, resource-challenged areas of Latin America, or further afield. These new residents will arrive in periodic and unpredictable waves, and often in substantial numbers, which will create new strains and stresses on public institutions and infrastructure. Legal and regulatory regimes will face novel and unusual demands from population shifts and unpredictable state and federal funding and disaster response efforts. Water resources management will need to address unforeseen and volatile fluctuations regarding demand, consumptive uses, equitable access, and pricing schemes. Land use planning will involve retrofitting existing urban fabric with green infrastructure, while balancing rapid growth with habitat loss and changed floodplain conditions from extreme weather events.

With detailed investigations and thoughtful planning, the actual realization of resilience and adaptation strategies can help enormously in preparing for the uncertainties already emerging. Strategic and creative promulgation of rules and regulations can lead to investment in social capital and community networks in order to buffer against the oncoming disruptions. Public engagement initiatives associated with the UDC review can offer dynamic mechanisms for communications and resource deployment. I firmly consider these areas in particular to be worthy of careful consideration during a major revision of the UDC. Such an approach would be especially beneficial to informing and applying San

Antonio's own CAAP efforts. Further, it should be emphasized that the City will be creating a template to be studied and copied by similarly situated urban areas elsewhere. San Antonio can therefore strengthen its reputation as a national leader in the development and implementation of adaptation planning.

Further, my recent (and ongoing) experiences as a member of the San Antonio Drainage and Flood Control 2022 Bond Review Committee have allowed me to deepen my local knowledge of the challenges and opportunities facing the City. In addition to my own committee's sessions, I have attended public hearings for all of the other committees in order to learn about the pressing needs -- and potential overlapping synergistic collaborations -- in the areas of Roads/Streets/Bridges, Parks/Recreation/OpenSpace, Facilities, and Housing. Hearing the public comments as well as the staff presentations provided a tremendous education on the current state of public works and infrastructure across the city. I plan to continue to attend future sessions to learn more about the recommended projects as well as other potential options advocated by the public and committee members. These sessions offer an unusual insight into public and private perspectives on the role of infrastructure in attracting investment, pursuing federal grants, sustaining neighborhood interconnectedness, fostering citizen engagement with municipal planning processes, and promoting quality of life across different parts of the City.

In light of this broad-based combination of training and experiences, I believe I can be of substantial assistance in the work of the PCTAC. I would look forward to the opportunity to collaborate with fellow informed citizens of San Antonio in efforts to support a dynamic and responsive regulatory framework that can enhance quality of life, protect vulnerable communities, and support investment-backed expectations in the City's future growth and development. To the extent it would be relevant in the committee's purview regarding the UDC, I would relish the opportunity to review evidence-based local resilience and adaptation planning research in the specific context of the climate change challenges directly impacting south central Texas.

In conclusion, it would be a privilege to serve on the Planning Commission Technical Advisory Committee. Please do not hesitate to contact me if you would like additional information regarding my committee application. Thank you for your time.

Best regards,

Christopher Fullerton

EDUCATION

Yale University, School of Public Health. New Haven, CT

Certificate in Public Health and Climate Change; Fall, 2021 (ongoing). Designed to provide the specialized knowledge base and empirically-proven strategies needed to increase a community's resilience to the adverse health impacts of climate change and to communicate effectively about health effects of climate change to the public and policymakers.

The University of Arizona, School of Geography and Development. Tucson, AZ

Ph.D. in Geography (not yet completed); Graduate Certificate in Water Policy. Coursework directed toward science-informed collaborative decision-making processes, legal geographies regarding property rights regimes, local/regional policy responses to global climate change, economic evaluation of water/environmental regulations, analysis of sustainability programs, and multi-jurisdictional interactions of water law and policy.

The University of Georgia, College of Environment and Design. Athens, GA

Master in Historic Preservation; May, 2004. Emphasis on the use of conservation easements and other legal tools to facilitate cooperative adaptive reuse strategies as well as to preserve historic structures/cultural landscapes and related natural resources.

The University of Georgia, School of Law. Athens, GA (Licensed to practice law in Georgia)

Juris Doctor; December, 2003. Elective coursework focused on zoning and land use planning, procedural requirements under national and international environmental laws, collaborative watershed management, intergovernmental aspects of taxation law, and the breadth of decision-making authority granted to governmental and nonprofit entities.

Yale University. New Haven, CT

Bachelor of Arts in History; May, 2000. Senior paper's emphasis addressed the impacts of institutionalized segregation on urban land use planning in five cities during the New South era.

Growing up in modern San Antonio, I have had the unique experience to be on the ground, Antonians on a regular basis. I began working on political campaigns in early 2020, using the professional setting. I worked as Campaign Coordinator for a state house race in Hawaii, and Additionally, I am active in San Antonio's volunteering community, assisting the local Meals on

Please explain why you would like to serve on this committee.

San Antonio is projected to top four million people by 2050. This statistic represents a vast come to our city and call it their home. My duty as a young person in this society is to contribute equitable policy through this commission. This is a nexus point in which many young people

Please share your interest and commitment to racial and economic justice and other social equity issues.

San Antonio spearheaded the SA Climate Ready Plan in 2019, a multifaceted approach to racial and economic justice plans, as well. I am fully committed to carrying out and championing so that San Antonio works for who it really is, whether you're gay, Latino, working class, disabled here so that voices that were not previously heard in planning, are now part of every step of

Environmental - Leadership in Energy & Environmental Design (LEED) Green Associate

Confirmation # 0000000094392219 / Expiration Date: Aug. 20, 2022

Please provide a description of your professional, educational and community/volunteer experience.

Dominic Dominguez holds holds a Masters in Sustainability & Development from Southern Methodist University.

He also holds a Bachelors of Science in Environmental Science & Policy from St. Edward's University.

As a LEED practitioner and sustainability professional, Dominic's specializes in spatial design, urban planning, applied research, ArcGIS analysis, sustainable transportation, triple-net-zero/regenerative infrastructure initiatives, and equity expansion.

Please explain why you would like to serve on this committee.

It is because I hold a strong belief that through sustainable development, we can create a more inclusive San Antonio, where all people have the access to transportation, health, employment, education, housing, and more by effective planning.

I believe that the most sustainable practice we can create is integrating planning that values social equity, environmental stewardship, and economically viable considerations.

Please share your interest and commitment to racial and economic justice and other social equity issues.

Climate change and unsustainable development effects us all, but will first negatively impact marginalized communities

and historically excluded locations in the Greater Bexar County Area. My hope is that our committee can provide meaningful

research for the sustainable development of communities as to deter the historical implications of unaligned planning.

Considering human-centered design and GIS spatial data, my wish is to support areas of high need by providing Council and government with inclusive solutions.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? District 6

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☐ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience.

Professional- I work alongside one of the Air Force cyber units on Lackland AFB. I assist in maintaining their network security, and overall network infrastructure needs

Educational. - I decided to go back and finish my degree, through online classes, with which I will complete my BAS in May 2022

Community/Volunteer - I have completed a few outings at Mission Arlington for volunteer work. I have participate in food/toy drives for my previous church. I have participated in assisting the Soup kitchen for the homeless.

Please explain why you would like to serve on this committee.

I would like to continue to do more outside of myself. Contributing to the growth and development ideas for the city would potentially be a great experience.

Please share your interest and commitment to racial and economic justice and other social equity issues.

Being a minority I understand the challenges that most face today. If I could have a small impact that could ripple into a bigger one eventually that would be pretty satisfactory.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

- ☒ Child care
- ☒ Meeting times
- ☐ Time commitment
- ☐ Access, location of meetings, and/or transportation
- ☐ Language or translation assistance
- ☐ Other

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

DEMOGRAPHIC INFORMATION – OPTIONAL

The City of San Antonio strives for boards and commissions to be representative of our diverse community. *Providing the following demographic information is voluntary, and will only be used for statistical and reporting purposes.*

Race/Ethnicity (Please select all that apply)

- ☐ Hispanic/Latinx
- ☐ White (Non Hispanic or Latinx)
- ☒ Black or African American (Non Hispanic or Latinx)
- ☐ Native Hawaiian/Other Pacific Islander (Non Hispanic or Latinx)
- ☐ Asian (Non Hispanic or Latinx)
- ☐ Two or More Races (Non Hispanic or Latinx)

Gender

Age: 26

- ☒ Male
- ☐ Female
- ☐ Trans or Non-Binary
- ☐ Other

Do you identify as a sexual minority (such as
lesbian, gay, bisexual, queer, etc.)?

☐ Yes ☒ No

COMMITTEE MEMBER EXPECTATIONS

- Attend and actively participate in all meetings of the PCTAC.
In the event that you must be absent from a PCTAC meeting, it is expected that you will provide 48 hours' notice to the PCTAC Chair and the Staff Liaison. Two or more unexcused absences in a one year period may result in a recommendation of removal from the PCTAC by the Planning Commission.
- Alert City Staff of conflicts to participation.
- Assist with community and stakeholder engagement.
- Work towards successful outcomes.
- Maintain a working knowledge of the UDC, the City's Comprehensive Plan and Master Plan Policies, the Major Thoroughfare Plan, and other transportation plans, and the manner in which these plans are administered.

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Realtor-Historic Home Specialist designation

Please provide a description of your professional, educational and community/volunteer experience.

I have graduated from the University of Texas at San Antonio with a B.A. in Real Estate Finance & Development & minor in Economics. I have been a licensed Residential Mortgage Loan Originator since 2002 & earned my Realtor license in 2019. I work with COSA in that I promote, provide financial advice & help to provide down payment assistance to low to moderate income households in the COSA approved area.

Please explain why you would like to serve on this committee.

I would like to further my knowledge in the city planning and development process and feel as though my work & time working with various departments through this committee would be the best fit for me at this time. I believe my work experience in the residential financial and sales industry would bring valuable support to this committee.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I am for social equity & economic justice, however I do also believe strongly in the value of education and lack thereof when it comes to these issues. I can advise that shall any one of these issues arise while I am serving my community and if selected on this committee, I'd first and foremost rely on legal then proceed offering my best ethical, independent, & unbiased opinions.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

Objective

A detail-oriented and enthusiastic engineer skilled in water and wastewater treatment and environmental risk assessment, seeking a position in the field of Environmental Engineering that utilizes my technical and interpersonal skillset.

Education and Certificates

Jan 2014- Feb 2017 **MS in Civil and Environmental Engineering** **GPA: 4/4**
University of Tehran – Tehran, Iran

Accomplishment: *Ranked as 1st out of 12 graduate students in Civil and Environmental Engineering, University of Tehran, 2017*

Thesis Title: *Evaluation of Landfill Leachate Quality and its Treatment by Distillation Method*

Sep 2008- Jun 2013 **BS in Natural Resources Engineering - Environment**
Islamic Azad University, Tabriz, Iran

Project Title: *Investigation of Nitrate Concentration and its Correlation with Water pH in Drinking Water Distribution Network of the City of Tabriz.*

- OSHA 10 & 30 Hour General Industry (official OSHA DOL card), 2020
- Certificate of ISO 14001:2004, issued by ICS Group, 2012
- Certificate of GPS issued by Azad University of Tabriz, 2012
- Certificate of 24-hour Training on Project Management Software-Microsoft issued by Industrial Management Institute, Tabriz, Iran, 2014

Computer Skills

- AutoCAD
- Microsoft Office (Project, Word, Excel, PowerPoint)
- Seeking to complete ArcGIS

Work Experience

Aug 2020- Sep 2021 **Pharmacy Technician Trainee**
Walgreens Pharmacy – Houston, Texas

- Supporting pharmacological services by assembling, stocking and distributing medications
- Maintaining records by recording and filing the prescriptions and orders of Physicians
- Sorting, stocking and labeling medications and monitoring inventory
- Responding to the requests of patients and healthcare providers, answering their questions and referring various inquiries to the Pharmacist
- Complying with rules, regulations and procedures to help maintain a clean and safe pharmacy, such as by sterilizing equipment and surfaces
- Processing prescriptions electronically and ensuring all information is accurate and complete

Jul 2015- Dec 2016 **Environmental Engineer**
Dezone Engineering – Tehran, Iran

Established in Iran in 1992, Dezone is one of the most recognized companies specializing in process design, supply, and operation of water & wastewater treatment works. As an Environmental Engineer, I reported to the Executive Director.

- Designed, assembled, and set up an innovative pilot-scale vacuum distillation system to investigate a safe and green treatment method of wastewater and landfill leachate, never previously implemented across the country.

- Implemented experiments to examine the impact of variables such as temperature and air pressure on the effectiveness of treatment of leachate and communicated and reported the results to the Executive Director.
- Collaborated with the Laboratory Manager to ensure the preparation of effluent analysis results.
- Familiar with biological methods in wastewater and landfill leachate treatment.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☐ Yes ☐ No

In which City Council District do you reside?
In the ETJ near 9

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☐ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☐ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

I am applying as a Community representative; however, I am a licensed professional engineer with an inactive/retired status. PE license #64827 (inactive)

Please provide a description of your professional, educational and community/volunteer experience.

I have lived in San Antonio almost 22-yrs and worked as an engineer for 39-yrs until I retired from full time work in 2019. I currently work part time but mostly in the Houston and Austin areas. Prior to moving to San Antonio, I was the President of my HOA and serv

In this role I facilitated the development of new city parks. While in San Antonio, I was on the Board of SA Sports and was an active member of Professional Engineers in Private Practice (PEPP) and seerved one term as President. While serving with PEPP, I was c

Prior to retirement, I worked for 19-yrs with Pape-Dawson Engineers and have an in depth knowledge of the UDC, the Planning Commission, the Zoning Commission, the Master Thoroughfare Plan, and the overall development process. My work experience has al

I served on the advisory committee for the North Sector Plan. I have a BS in Engineering from Texas A&M and I am a licensed professional engineer in TX.

Please explain why you would like to serve on this committee.

I would like to see the city develop effectively and responsibly and am willing to give of my time to see this happen.

I am intimately familiar with the UDC and the city processes, having been an active member of the SA engineering and development community for 21-yrs.

Please share your interest and commitment to racial and economic justice and other social equity issues. As a member of TAC, it would be my responsibility to do my best to represent the city in the best manner possible.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? 10

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
CP&Y - employee from 2016 to present

Do you receive any compensation for service on this entity(ies)? ☒ Yes ☐ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☒ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☒ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Currently an environmental project manager with background in biology including waters/wetlands permitting, threatened and endangered species, vegetation impacts, hazardous materials reviews, NEPA compliance, public involvement, etc. 15 years of experience.

Please provide a description of your professional, educational and community/volunteer experience.

15 years of experience in the environmental arena, serving clients including TxDOT, Alamo RMA, Bexar County, SAWS, SARA, and other municipalities. Experience with constraints mapping and desktop reviews, preparing CEs, EAs, & EIS documents. Also, involved in Women Transportation Seminar (WTS) professional organization - Treasurer in 2021 and will serve as President Elect in 2022. Organization goal is to advance women in the transportation industry by providing networking and programming.

Please explain why you would like to serve on this committee.

As a resident of the city, I have a vested interest in making our city better for all residents. I would like to use my education & work experience to help guide decision makers to make the best decisions for our community. Infrastructure improvements have an impact on all residents and can help bring more opportunities to the city. It can also be done in an env friendly way to reduce impacts to our resources.

Please share your interest and commitment to racial and economic justice and other social equity issues.

Through the course of my job, we must complete public involvement efforts, along with socio-economic impact assessments for our projects. During these meetings, I often see that those that are most impacted by projects are those that are in the minority or living in blighted areas. It is of the utmost importance that these individuals are considered in the planning process and projects are to help improve their situations and areas, not take away from them, if possible.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

- ☒ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience.

I have Master's Degree in Architecture from UTSA with an emphasis on Historic Preservation.

I have served two terms on the Historic Design and Review Commission.

I served as teh President and Vice-President of the Mahncke Park Neighborhood Association which is an NCD.

Please explain why you would like to serve on this committee.

I have a passion for serving my community and a keen interest in urban planning and historic preservation.

Please share your interest and commitment to racial and economic justice and other social equity issues.

After serving on the HDRC, I became keenly aware of how planning policies affect residents of San Antonio

differently depending on their racial and economic status. I am motivated to help ensure that all groups are

recognized equally in both policy making and in the enforcement of policies.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Please provide a description of your professional, educational and community/volunteer experience. 20 years of residential real estate industry: i.e. Mortgage, New Home Sales and General Real Estate

BBA in Marketing / MBA in Finance from Our Lady of the Lake University

Volunteer / Committee Member - San Antonio Board of Real Estate (SABOR) / Volunteer / Committee Member -

Agent Leadership Council (ALC) / Board Member (Education Chair, Membership Chair, 2021 President) - NAHREP

Please explain why you would like to serve on this committee.

I am San Antonio. I was born here, child of inner city Westside. I am a complete graduate from E.I.S.D and graduate of the last class of Edgewood H.S. My formal and graduate education are from OLLU. I sale real estate and flip homes in San Antonio. I understand and am emersed in the social issues and the challenges of access to capital for growth. I want to assit my city.

Please share your interest and commitment to racial and economic justice and other social equity issues.

As I have witnessed the negative and positive connotations of these words, I see the disparity in each. Racial issues exist. Through communication we can continue the process to alleviate tension. Economic justice is possible through access to capital with community financing changing the scope of natonal investors (i.e Lift Fund). There is a lot of work on the subject but there are strides that have been made. Social Equity needs to be given to the less fortunate. I can speak on the issue at length.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

- ☐ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☒ Registered Architect
- ☐ Environmental
- ☒ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

I am a registered architect in Texas #18,473 with specialized insights into historic preservation, adaptive use of existing buildings & the visual environment. I am a LEED accredited professional.

Please provide a description of your professional, educational and community/volunteer experience.

I graduated from Texas A&M University with a degree in Environmental Design. I am a principal of a small practice that generally works on projects in the sphere on historic preservation, residential, multi-family, and occassionally in the governmental sector. I volunteer in the Monticello Park Neighborhood and have been a Big Brother & Sister of San Antonio. I served on the US Green Building Council - Balcones & South Texas Chapters for years.

Please explain why you would like to serve on this committee.

I love the historic -& more urban- neighborhood that we moved into 2 years ago. I feel so much more part of San Antonio as a result & want to participate in shaping its growth. I want to be part of its stewardship and collective planning process - keeping in consideration the impacts on the cultural & architectural resources, as well as the tourist experience that SA is known for.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I have read the headlines and heard some of the HDRC cases. As a City, we should be UNIFIED in our endeavors to keep SA attractive and flourishing. We have made a pact to follow the UNIFIED Development Code. The Code does not discriminate or give privilege, it simply outlines the rules that we are all to follow.

I want to work with fellow citizens to give SA the recognition it deserves nationally as a great place to live.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

QUESTIONNAIRE

Are you a resident of the City of San Antonio? ☒ Yes ☐ No

In which City Council District do you reside? 8

Are you a member and/or officer and/or employee of any boards, commissions, corporations, non-profit entities, agencies, or other entities? ☒ Yes ☐ No

If yes, give the title and dates of any position which you have held in such organization:
Texas Riparian Association (Member: 2017-2019, Board Member At-Large: 2019-Present)

Do you receive any compensation for service on this entity(ies)? ☐ Yes ☒ No

Have you ever been hired for a position with the City of San Antonio? ☐ Yes ☒ No

PLANNING COMMISSION TECHNICAL ADVISORY COMMITTEE APPLICATION

Please select the category which best describes the membership category for which you are applying. You may select more than one.

- ☐ Community Member
- ☐ Development/Real Estate Professional
- ☐ Registered Professional Engineer
- ☐ Planning Professional (*AICP required*)
- ☐ Registered Architect
- ☒ Environmental
- ☐ Historic Preservation

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Environmental: no certifications; however, my education and work experience in the environmental field span over a decade.

Work and education emphasis has been focused on the fields of water quality, water quantity, water conservation, and education and outreach

Please provide a description of your professional, educational and community/volunteer experience.

Education: Master of Water Management- Texas A&M University (May 2017) , Bachelor of Science in Environmental Studies- Texas A&M University (May 2015).

Professional: I will be joining the Greater Edwards Aquife Alliance (GEAA) as Technical Director starting January 2021. Starting in 2017, I served as a program specialist

for Texas Water Resources Institute (TWRI); At TWRI, I helped deliver science-based, community supported solutions for Texas' water quality and quantity challenges

by overseeing watershed implementation projects and TWRI's education and outreach events across Texas.

Please explain why you would like to serve on this committee.

As part of my new job duties with GEAA, I will be monitoring development plans and zoning issues that fall within GEAA's service area in order to promote the preservation waters in the Edwards Aquifer and surrounding watersheds. Being a San Antonio native, this city holds a dear place in my heart. With this opportunity, I can offer technical assistance and make an impact for PCTAC to promote sustainable development techniques and best management practices across the city of San Antonio

Please share your interest and commitment to racial and economic justice and other social equity issues.

As a person who identifies with the LGBTQIA+ community, I am proactive on education and positive action on ensuring fair treatment of the LGBTQIA+ community. I have shown support for the on-campus LGBTQ+ Pride Center at Texas A&M University and Aggie Pride; the LGBTQ and Ally Former Student Network of Texas A&M University.

That said, I am no expert and there is always work to be done to better oneself with diversity, equity, and inclusion (DEI) topics. I commit to further educate myself on necessary DEI topics, show needed understanding and compassion, promote positive action towards inclusion and advocacy, and take part in DEI engagement and growth.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

What potential barrier(s) may affect your participation in this committee? Please check all that apply.

If you selected the Registered Professional Engineer, Planning Professional, Registered Architect, Historic, or Environmental Professional category, please describe your professional credential (i.e. type, number, and expiration)

Non Active Licsed Realtor for years. I currently work for a Luxury Custom Home Builder
but that does not requirie any credentials for my postion.

Please provide a description of your professional, educational and community/volunteer experience.

I have worked in the real estate industry since I was 19. I started in West Texas in College and now
I work in San Antonio for a Custom Home builder. Through my job we have started a non profit to plant
trees, we have volunteered at the SA food bank, and much more.

Please explain why you would like to serve on this committee.

To be honest I am not to familiar with this commitee, i recived many emails asking for contributiouns
and am looking for more informaiton.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I do believe that it is time to stand up on racial injustice. Many people think
this way but not as many act. Homelessness is also close to my heart. Working for a home builder
I leave massive projects, just to see people struggling on the side of the road. I am not sure how or what I
can do to serve the city of San Antonio but I am looking to be involved.

Please attach any additional information, such as a current resume, using the Attachments panel at the bottom of this page.

Questions:

Please provide a description of your professional, educational and community/volunteer experience.

Professional Experience & Educational Experience

Please see attached resume.

Community/Volunteer Experience

Please see attached resume.

Over the seventeen years I have resided in San Antonio I have been involved in my community, specifically my neighborhood association and council district. As listed on my resume, I have advocated for the needs of my community by engaging with the City of San Antonio in multiple capacities to bring resources not just to my community but to help others in their respective communities. It is not about the results but the process and teaching others how to advocate for their communities and bring/educate people along in the process. In 2016, I along with others worked to establish the Tier One Neighborhood Hood Coalition which today is over 50 neighborhoods strong across the City working collaboratively for issues directly impacting neighborhoods.

My community involvement began with something simple, alleys. The City had not invested in over 20 years in the alley infrastructure but through a lot of advocacy and many budget input meetings the alleys were added to the City's 5 year Infrastructure Maintenance Plan (IMP) after three years and two Councilmembers. It is through consistent engagement that infrastructure (street/drainage/sidewalk/bond projects) improvements have occurred in the Monticello Park Neighborhood. Each neighborhood and community member has a voice and it's important that they have the accessibility to City government for their input to be received. Neighborhoods are just one component of a community, there are non-profits who work to provide services and programs. I am involved with the Jefferson Woodlawn Lake CDC which provides grants to the community and the Rotary Club of San Antonio who execute many service programs across the City to the most vulnerable in our community.

I have also had the opportunity to represent my community with respect to policy decisions being made by many City Departments, Taskforces, and the Adhoc Committee on the Resident platform, SASpeakup. The new resident platform is the most dynamic step forward in the City's engagement with residents and I have worked to ensure it is user friendly, makes senses to residents, and contains the data needed to ensure each resident has more accessibility to their government.

Please explain why you would like to serve on this committee.

As a hispanic female, living in the City's urban core and working in the EEO Industry, I realize it is important for the City to have diversified representation on their PCTAC to ensure there is an informed community voice when decisions are being made. I believe my unique professional work experience brings a perspective and is a valuable addition to the PCTAC. Also, my history and knowledge of UDC changes, representing neighborhoods in multiple capacities with the City, listening, collaboration across many entities, and a technical understanding to ensure UDC amendments are reviewed with proper consideration are qualifications which I feel may benefit the PCTAC. I participated in the development of

the SA Tomorrow Comprehensive Plan by serving on a Plan Element Work Group but also submitted amendments crucial for infill development which were incorporated and adopted. I have read the SA Comprehensive/Sustainability/Multimodal, and SHIP Strategic Housing Implementation Plans and understand their goals and objectives. I had the unique opportunity to work on the development and adoption of the SA Climate Plan by ensuring community input was received from all stakeholders and even reengaging stakeholders to ensure everyone had an opportunity to provide input in the various stages. Collaboration is key to any process, and I believe I bring a significant history of not only working with the developers currently on the PCTAC, but other community stakeholders to understand their perspective and ensure understanding during a process centered on change.

I am committed to transparency and ensuring the UDC amendment process is accessible to all residents. As in the past, I have assisted the Westside Neighborhood Associations Coalition, Eastside residents, District 7 residents, and Southside residents on understanding City processes and ensuring they have the tools to participate in their City Government's processes. The needs across the City of San Antonio vary and it is important to recognize and respect each and every diverse area of the City. I also believe I am a conduit to a larger community base through my Tier One Neighborhood Coalition engagement. Most importantly, I am not afraid to do the work, read all the technical information, and learn more to better understand why UDC amendments are proposed.

Please share your interest and commitment to racial and economic justice and other social equity issues.

I believe it is imperative for everyone to be treated equally regardless of race and to ensure there are equitable opportunities and outcomes for all. We must be deliberate and ensure there are preventative measures to ensure proactive and achievement to sustain racial equity, it is more than words on paper and statements, we must act. In order to move the needle, we have to acknowledge that racial and economic injustice while wrong, also had benefactors. We all have a role to play in dismantling the racial injustices of the past and I am committed to ensuring we proceed on an equitable path for the decisions pertaining to UDC amendments.

PROFESSIONAL EXPERIENCE

JDG Associates, Inc.

Equal Employment Opportunity (EEO) Manager

San Antonio, TX

January 2021 - present

- Employed by one of the nation's leading EEO consulting firms providing expertise in EEO and civil rights in governmental workplaces
- Tasked with compiling factual information from witness testimonies, affidavits, and written records to formulate an unbiased and objective Report of Investigation (ROI) for EEO complaints to enable an appointed decision maker to determine whether unlawful employment discrimination occurred with respect to the stated claims
- Manage the development of multiple ROIs within the Federal timeframe allotted to ensure testimony is thorough, relevant to the matter at issue, and within Federal Laws, Regulations, and Executive Orders.
- Certified as a EEO Investigator, U.S. EEO Commission, March 2021

U.S. House of Representatives, Congressman Will Hurd (TX-23)

Outreach Director

San Antonio, TX

March 2020 – January 2021

- Served as the office's COVID-19 point of contact for the 29 counties in TX-23 district; compiled resource and surge requests from Mayors/County Judges to the congressional office and FEMA; managed the office's daily COVID-19 reporting; participated in local/state/national/congressional teleconferences on COVID-19; and worked to ensure the Congressman and Staff were provided all data points and information concerning COVID-19 for development of pandemic response, expedite resources for Counties/Cities, and legislation development
- Coordinated Cares Act resources for the district's small businesses, residents, non-profits and local governments by communicating programs available and reconciling interfacing logistics for TX-23 banks with the SBA loans
- Managed congressional inquiries for individuals with complex cases and coordinated multi-agency inquiries to completion: worked with The Office of the Special Presidential Envoy for Hostage Affairs, Belgium and Rwandan Embassies in the U.S., Senate Foreign Relations Committee, Congressional/Senate offices across the U.S., and federal departments for resolutions.
- Recommended actions on high profile congressional inquiries, situations in the district/state, and national events.
- Identified and reported on events and media in the District, Texas and U.S. for the office and Congressman.
- Represented, staffed, and prepared the Congressman for meetings and events with residents, stakeholders, business leaders, state and local government officials, elected officials, federal departments, military officers, foreign leaders, diplomats, and the media.

City of San Antonio Office of the City Council, District 7 Councilwoman Ana Sandoval

Deputy Chief of Staff

January 2020 – March 2020

- In addition to responsibilities as Chief of Policy and Communications, managed a team of 4 individuals: established standards of performance with a path to advancement, created a resource guide for case work inquiries in the office, established communication protocols for staff representing the Councilwoman at community meetings, trained staff on the city's services for residents, managed personnel concerns and the overall daily operations of the council office to meet Councilwoman's objectives/goals.
- Managed and tracked the District's annual budget allocations, execution of projects, and public meetings.

Chief of Policy and Communications

September 2018 – January 2020

- Advised, staffed, and provided speaking points for the councilwoman at city council meetings and committees to ensure her goals were achieved: Inter-Governmental Relations, Public Safety (Chair), Community Health and Equity (Chair), Governance, Transportation and Mobility, SH 16 Bandera Road Corridor Plan, Alamo Area Council of Governments, San Antonio Mobility Coalition, Alamo Area Metropolitan Planning Organization, and Climate Action Plan.
- Worked to advocate and secure the Councilwoman's policy priorities by working collaboratively with respective stakeholders and other elected officials.
- Reviewed and provided content to the Communications Director for weekly e-newsletters, all print material, social media, councilwoman's public remarks, and town hall presentations.

- Represented the Councilwoman at meetings with community members, city officials, business leaders, media, elected officials, state departments, developers, and stakeholder groups for policy discussions/implementation
- Assisted in leveraging funds, \$4M, to match the City's \$4M allocation for a district drainage project, \$8M total
- Identified \$5.6M of additional capacity for district improvement projects and special initiatives in the city's budgets by identifying leverage opportunities and eliminating duplications.
- Assisted with the adoption of the Councilwoman's Principles for Public Participation adopted by Council and implemented by the City Manager, establishing a directive for how all City departments engage with the public
- Managed the Councilwoman's calendar for all scheduling requests.
- Recommended community members to the Councilwoman for taskforces and city boards/commissions
- Executed a storm response for the district in coordination with local non-profits: storm damage collection, CPS power restoration, 3 food distributions, and tree replanting programs.

Senior Policy Advisor

October 2017 – September 2018

- Worked to achieve the Councilwoman's priorities: safe and healthy neighborhoods, ensuring responsible growth, and transparency and accountability for the city government.
- Established a Zoning Policy for land use changes and a public engagement process for applicants and residents.
- Garnered consensus with council offices on city council agenda items championed by the Councilwoman and leveraged additional resources for the community
- Assisted in the development of the City's Housing Tax Credit Policy for 9% and 4% Letters of Support

Neighborhood and Planning Liaison

July 2017 – October 2017

- Completed case work from residents and community groups to bring resolutions and enhance their quality of life
- Worked to hold the First District 7 Community Leader's Academy delivering resources for community residents through meetings allowing leaders to learn about their City Government and engage with department directors
- Inventoried the infrastructure needs expressed by neighborhoods, HOAs, and stakeholders and put an implementation plan in place working with Public Works, CPS, and SAWS to execute.
- Established communication resources for residents to receive from the District 7 staff at community meetings

Baldor Dodge, A Member of the ABB Group

San Antonio, TX
